The trailer parts are called out by standing at the rear  
of the trailer looking toward the hitch. The trailer frame  
parts are labeled. Do not tighten any nuts and bolts  
until the entire trailer is assembled. Installing the  
plywood deck, which you must supply, is the last step  
after tightening all the nuts and bolts.

Hello, I just bought a 1977 Terry Travel Trailer. It needs some care and some replacement windows. I've searched the internet for manuals but haven't had any luck. Does anyone know where I could find one. I'm brand new to RV's and the manual would help. Its not in bad shape but I would like to fix it up before it gets cold.
