Measuring in at 7.4 liters or 454 cubic inches, your Mercury MerCruiser inboard V8 is a big beast, there's no arguing with that. Being big doesn't mean it has to be brutal. If you maintain your MerCruiser 454 regularly, it should run as smooth as silk. Every inboard motor needs regular maintenance and if you want to get the best results, you should use OEM Mercury MerCruiser parts when you service it.

MerCruiser 454 Parts | Boats.net

The specific model/vintage of Big Block V8 Mercruiser Marine Engines can be determined by looking at the last letters of the engine code which is stamped by General Motors at the time of assembly on all complete Marine Longblocks . If the serial number and/or model decals are missing, the Marine Engines code will help to determine the engine model.
