Myth #7 Cash Rules All. Although using cash to pay for most small purchases is a good personal policy to have, it does have its drawbacks. If you want to be able to make large purchases in the future, such as a home, you'll need to have a history of good credit. That means buying items on a credit card. Just be sure to pay that card off each month.

Without formal certification or training, discover how you can use leverage, arbitrage, hands-off real estate investing, and cash flow to buy time and live your life by design.

Are you frustrated in your efforts to succeed and create abundance in your life? Are you exasperated even though you may have set goals for yourself, gained knowledge, and worked hard? Are your financial dreams just not working out the way you'd like them to, or as fast as you'd like them to? Are you wondering what is standing in your way, preventing you from accessing the life of freedom you've been dreaming about? Well, The Abundance Code is here to provide the answer you've been searching for... There is a hidden yet crucial element to success and abundance that most people are unaware of—because that essential element is buried in their unconscious minds. The Abundance Code is about how you can (and must!) rewrite your subconscious programming so that you can effortlessly achieve the rich life of abundance you deserve. Julie Ann Cairns takes you through the “7 Money Myths”—an extremely common set of subconscious barriers put up between you and your attainment of abundant wealth and freedom—and helps you banish them, so that your subconscious “code” can come into alignment with your conscious goals for financial freedom. If your underlying programming does not support your goals—and it probably doesn't—then Julie will show you how to get out of your own way and finally access the life you have always wanted. You can be successful, you can be wealthy, and you can make money without expending physical effort or sacrificing too much of your precious time. You can become financially free with the luxury of choice. It's all possible for you, but conscious goals and knowledge are not enough to make this happen—you also need a set of supporting subconscious beliefs in order to ultimately prosper. If you have tried and tried to attain financial freedom but are still struggling, then this book will provide the breakthrough you've been waiting for.

God wants His people to live without financial stress and worry. As a Christian, you know that God wants the best for you in every facet of your life—including your finances. But do you truly believe it? You will after reading Your Money God's Way. With simple, biblical truths taught in plain language, author and pastor Amie Streater will show you how to: get out of debt, build wealth, gain financial freedom, and stay that way—for life. In most cases, we're our own worst enemies, Amie says. Most of our financial stresses are self-created. We need to break free from bad habits and bad thinking and learn how to make better choices if we want to walk in financial freedom. Presently the associate pastor of financial stewardship for the 10,000-member New Life Church in Colorado Springs, Amie's straight-talk approach to finances and life has helped thousands of individuals and families get out of debt. As a powerful, new female voice for personal finance, Amie expertly uncovers seven "counterfeit convictions" Christians believe that often hinder their personal financial success and keep them broke. She shares practical tips, powerful insights, real-life examples, and budgeting plans so readers can recognize the lies and destructive behaviors they've held on to. Unlearning those behaviors will help you—whatever your situation—gain control over your spending and face a happier future of financial stability. “Our God is the Author and Creator of order and peace. It is not God's will for any of His children to live in chaos, frustration, lack, and debt. . . . If we get our heads and hearts right, we can line ourselves up with what He is doing, and our lives will mirror what God wants for us, in us, and through us.”

A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

The common stereotype that lesbians and gay men are more affluent than heterosexuals is only one of many misconceptions that M. V. Lee Badgett debunks in this comprehensive work. Studying the ends and means of gay life from an economic perspective, she paints a more accurate picture than ever before of gay and lesbian standards of living, financial and family decisions, and professional lives, analyzing along the way the crucial issues that affect the livelihood of gay men and lesbians: workplace discrimination, denial of health care benefits to partners and children, the corporate wooing of gay consumer dollars, and the use of gay economic clout to inspire social and political change.

What does money mean? Where does it come from and how does it work? In this highly topical book, Mary Mellor, an expert on money, examines money's social, political and commercial histories to debunk longstanding myths such as money being in short supply and needing to come from somewhere. Arguing that money's immense social value means that its creation and circulation should be a matter of democratic choice, she sets out a new finance system, based on green and feminist concerns, to bring radical change for social good.

"A vital, seminal breakthrough work... Kinder penetrates money's enigmas and mythologies with the artist's delicate touch, the critic's discriminating eye. . . and the insightful sensitivity of a good human being. This book is a gift." --Richard Wagner, former chairman, Institute of Certified Financial Planners Replace anxiety, self-sabotage, and self-doubt around money with the sense of ease and freedom you deserve in The Seven Stages of Money Maturity, a one-of-a-kind guide in the life-changing tradition of The 9 Steps to Financial Freedom and Your Money or Your Life. A renowned Buddhist teacher as well as a Harvard-trained, nationally prominent certified financial planner, George Kinder draws on both disciplines to guide us toward a full understanding of the spiritual and psychological issues that surround money. Although many of us may assume that issues of money and spirit are separate, incompatible questions, George Kinder shows us that we must explore them together to attain true peace, freedom, and security in our money lives. Tracing the same path to transformation on which he has led his clients and lectured audiences for years, Kinder leads us through the Seven Steps of a journey to the profound liberation of awakening to a world of abundance and possibility. Revealing practical, market-tested wealth-building skills as well as the wisdom that contributes to understanding and enriching the role money plays across our lives from the surface to the soul, Kinder teaches us how to: Understand feelings that impact taking financial action Develop understanding and knowledge about money Eliminate stress and anxiety around money Let go of old patterns and painful habits Approach money tasks with energy and optimism Design a money life that is fulfilling both financially and spiritually A powerful new way to look at your money and at your life, The Seven Stages of Money Maturity will help us experience each encounter with money as a step toward awakening and a powerful lesson in understanding the relationships we share with others and with ourselves.

Are you tired of watching your bank account drain and credit card balances rise? ...All while wondering where the heck your money is going? Living without money worries isn't a fantasy, but if you know the feeling of staring at tens of thousands of dollars worth of debt - it sure feels like it.The average American now has \$38,000 worth of debt. . . What's even more shocking is, that figure excludes mortgages! The good news is, the path to financial freedom is 20% knowledge, 80% behavior. . . But you must have the right knowledge. Knowledge which isn't taught in school or by your parents. Which is why so many people are still living paycheck-to-paycheck each month. So if you're one of them, don't worry. Here's the deal. Most conventional debt and financial advice is overly complicated and irrelevant to the average American. What's worse is. . . this advice is often designed to benefit the credit card companies. . . and not you and your family! In fact, you only need to follow a few key principles to turn your financial life around. By following the proven steps inside. . . you can properly pay-off your debt. . . and pay for your life. . . without relying on credit cards. Here's just a fraction of what you'll learn inside: How to master budgeting without limiting your lifestyle (no, it's not just skipping coffees every day) The guilt free way to spend (yes, spend) money Why the popular envelope method doesn't actually work. And what to do instead. 5 hacks for increasing your credit score (even if it's in the 400s right now) How one couple paid off \$78,000 in less than 2 years. And how you can replicate their methods. What the millionaire next door types know, that you don't The correct way to save for emergencies A house is the best investment, right? Think again after reading this. 7 dangerous money myths which have been masquerading as truths for far too long Investing for absolute beginners - why the stock market, mutual funds or Roth IRAs are not terms you should fear 3 overlooked ways to turn every credit card you have from an expense into a goldmine The #1 type of investment to avoid as a new investor The win-win strategy for ensuring your employer invests in your future . . .and much, much more. This isn't one of those "frugal living" books which tells you to live off rice and beans while never leaving the house for 10 years. This isn't a get rich quick off buying and flipping houses book either. Instead, you'll find no-nonsense, easy-to-follow advice - without any complicated financial language. Along with step-by-step guides for getting out of debt, plus how to make some extra cash on the side. So you can cover your car payments. . . Take a well deserved vacation. . . Or simply have a bigger safety net in your bank account. . . This is the book you wish you read in your 20s. So if you want to break the chains of financial slavery. . . scroll up and click "add to cart"

Readers discover the seven "counterfeit convictions" that keep them broke and encounter proven plans and for getting out of debt, building wealth, and finding financial peace. Money habits. Where do they come from? Can you pinpoint when you started shopping to feel better, why you can't usher grown children into financial independence, or why saving for the future is a priority in theory but not in practice? Amie Streater, associate pastor of financial stewardship for the 10,000-member New Life church in Colorado Springs, has been there. From her own experience, she knows what it's like to look at an impossible pile of bills and a pile of toddlers wrestling in the next room. In Your Money God's Way, empowered by her own incredible journey to financial freedom, she leads readers to the dream of mastering their finances. She also expertly uncovers seven "counterfeit convictions" Christians believe that hinder their personal finance success.
