This is a great story. Even though the "higher call" climax is just one chapter, Franz's life and history with the German Luftwaffe was incredible to hear and really does give pause to the overall Germans-all-bad, Americans-all-good ideas of that time. I wish we had more tales from the German point of view spoken in English.

A Higher Call: The Incredible True Story of Heroism and ...

A Higher Call follows both Charlie and Franz's harrowing missions. Charlie would face takeoffs in English fog over the flaming wreckage of his buddies' planes, flak bursts so close they would light his cockpit, and packs of enemy fighters that would circle his plane like sharks.

THE INTERNATIONAL BESTSELLER: "Beautifully told."—CNN • "A remarkable story...worth retelling and celebrating."—USA Today • "Oh, it's a good one!"—Fox News A "beautiful story of a brotherhood between enemies" emerges from the horrors of World War II in this New York Times bestseller by the author of Spearhead. December, 1943: A badly damaged American bomber struggles to fly over wartime Germany. At the controls is twenty-one-year-old Second Lieutenant Charlie Brown. Half his crew lay wounded or dead on this, their first mission. Suddenly, a Messerschmitt fighter pulls up on the bomber's tail. The pilot is German ace Franz Stigler—and he can destroy the young American crew with the squeeze of a trigger... What happened next would defy imagination and later be called "the most incredible encounter between enemies in World War II." The U.S. 8th Air Force would later classify what happened between them as "top secret." It was an act that Franz could never mention for fear of facing a firing squad. It was the encounter that would haunt both Charlie and Franz for forty years until, as old men, they would search the world for each other, a last mission that could change their lives forever.

This title tells the story of two fighter pilots, an American and a German, whose remarkable encounter during World War II became the stuff of legend.

THE NEW YORK TIMES, WALL STREET JOURNAL, LOS ANGELES TIMES, AND USA TODAY BESTSELLER "A band of brothers in an American tank . . . Makos drops the reader back into the Pershing's turret and dials up a battle scene to rival the peak moments of Fury." --The Wall Street Journal From the author of the international bestseller A Higher Call comes the riveting World War II story of an American tank gunner's journey into the heart of the Third Reich, where he will meet destiny in an iconic armor duel--and forge an enduring bond with his enemy. When Clarence Smoyer is assigned to the gunner's seat of his Sherman tank, his crewmates discover that the gentle giant from Pennsylvania has a hidden talent: He's a natural-born shooter. At first, Clarence and his fellow crews in the legendary 3rd Armored Division--"Spearhead"--thought their tanks were invincible. Then they met the German Panther, with a gun so murderous it could shoot through one Sherman and into the next. Soon a pattern emerged: The lead tank always gets hit. After Clarence sees his friends cut down breaching the West Wall and holding the line in the Battle of the Bulge, he and his crew are given a weapon with the power to avenge their fallen brothers: the Pershing, a state-of-the-art "super tank," one of twenty in the European theater. But with it comes a harrowing new responsibility: Now they will spearhead every attack. That's how Clarence, the corporal from coal country, finds himself leading the U.S. Army into its largest urban battle of the European war, the fight for Cologne, the "Fortress City" of Germany. Battling through the ruins, Clarence will engage the fearsome Panther in a duel immortalized by an army cameraman. And he will square off with Gustav Schaefer, a teenager behind the trigger in a Panzer IV tank, whose crew has been sent on a suicide mission to stop the Americans. As Clarence and Gustav trade fire down a long boulevard, they are taken by surprise by a tragic mistake of war. What happens next will haunt Clarence to the modern day, drawing him back to Cologne to do the unthinkable: to face his enemy, one last time. Praise for Spearhead "A detailed, gripping account . . . the remarkable story of two tank crewmen, from opposite sides of the conflict, who endure the grisly nature of tank warfare." --USA Today (four out of four stars) "Strong and dramatic . . . Makos established himself as a meticulous researcher who's equally adept at spinning a good old-fashioned yarn. . . . For a World War II aficionado, it will read like a dream." --Associated Press

A tribute to World War II heroism from the national bestselling author of Biggest Brother. The paratroopers of Easy Company, 101st Airborne Division, have come to symbolize the incredible bravery and heroism shown by the greatest generation in World War II. on the eve of the 65th anniversary of the Allies' victory in Europe, author Larry Alexander crosses an ocean and a continent to discover just what made the Band of Brothers special. Accompanied by his friend Forrest Guth, an easy Company veteran on his final tour in Europe, Alexander explores the living history of the places where American soldiers went into action, and reveals what makes this story so meaningful for us today. Part travelogue, part historical perspective, In the Footsteps of the Band of Brothers is an unforgettable memorial to the men who fell in action, and a tribute to the veterans who are still with us.

THE NATIONAL BESTSELLER • SOON TO BE A MAJOR MOTION PICTURE • From America's "forgotten war" in Korea comes an unforgettable tale of courage by the author of A Higher Call. Devotion tells the inspirational story of the U.S. Navy's most famous aviator duo, Lieutenant Tom Hudner and Ensign Jesse Brown, and the Marines they fought to defend. A white New Englander from the country-club scene, Tom passed up Harvard to fly fighters for his country. An African American sharecropper's son from Mississippi, Jesse became the navy's first black carrier pilot, defending a nation that wouldn't even serve him in a bar. While much of America remained divided by segregation, Jesse and Tom joined forces as wingmen in Fighter Squadron 32. Adam Makos takes us into the cockpit as these bold young aviators cut their teeth at the world's most dangerous job—landing on the deck of an aircraft carrier—a line of work that Jesse's young wife, Daisy, struggles to accept. Deployed to the Mediterranean, Tom and Jesse meet the Fleet Marines, boys like PFC "Red" Parkinson, a farm kid from the Catskills. In between war games in the sun, the young men revel on the Riviera, partying with millionaires and even befriending the Hollywood starlet Elizabeth Taylor. Then comes the war no one expected, in faraway Korea. Devotion takes us soaring overhead with Tom and Jesse, and into the foxholes with Red and the Marines as they battle a North Korean invasion. As the fury of the fighting escalates and the Marines are cornered at the Chosin Reservoir, Tom and Jesse fly, guns blazing, to try and save them. When one of the duo is shot down behind enemy lines and pinned in his burning plane, the other faces an unthinkable choice: watch his friend die or attempt history's most audacious one-man rescue mission. A tug-at-the-heartstrings tale of bravery and selflessness, Devotion asks: How far would you go to save a friend? Praise for Devotion

"The riveting true story of a World War II bomber pilot and the co-pilot who received orders to kill him...After the twists and turns in Goering's many missions, Frater finishes with a stunning revelation...the author delivers an exciting read full of little-known facts about the war. A WWII thrill ride." - Kirkus Reviews An unforgettable and thrilling tale of two WWII American bomber pilots who forged an unexpected friendship in the flak-filled skies over Nazi Germany. The air battle over Nazi Germany in WWII was hell above earth. It lasted three years and cost 125,000 Allied aircrew men, including 26,000 Americans from the US Army's Eighth Air Force in England, their lives. For bomber crews, every day they flew was like D-Day, exacting tremendous amounts of emotional uncertainty and trauma. Some men, like twenty-year-old U.S. Captain Werner Goering, accepted this, even thrived on and welcomed the adrenaline rush. They knew that death could come in a variety of ways: an unlucky flak burst, Luftwaffe fighters that could appear anywhere at any time, or pilot error while flying less than twenty feet apart. Werner Goering was an exceptional pilot. He was also the nephew of Herman Goering, leading member of the Nazi party and Commander in Chief of the Luftwaffe. When Werner qualified to become a bomber commander in 1942, J. Edgar Hoover issued a top secret order to ensure that if his plane was downed for any reason over Nazi-occupied Europe, someone would be there in the cockpit to shoot Captain Werner Goering dead. The FBI and the American military would not prevent Werner from serving his American homeland in war, but neither would they risk the propaganda coup that his desertion, or even his live capture, would represent for Nazi Germany. So in early 1943, FBI agents fanned out across the United States to find a man capable of and willing to shoot Werner dead in the cockpit, and one who could then get the plane back home. They found Jack Rencher, a tough, insular, B-17 instructor in Yuma, Arizona, who also happened to be one of the Army's best pistol shots. That Jack and Werner became unlikely friends is just one more twist in Hell Above Earth, one of the most incredible untold tales to come out of WWII.

This inspiring true story of veteran Air Force bomber pilot Robert Trimble, who laid his life on the line to rescue World War II POWs on the Eastern Front. Near the end of World War II, thousands of Allied ex-prisoners of war were abandoned to wander the war-torn Eastern Front. With no food, shelter, or supplies, the POWs were an army of dying men. As the Red Army advanced across Poland, the Nazi prison camps were liberated. In defiance of humanity, the freed Allied prisoners were discarded without aid. The Soviets viewed POWs as cowards, and regarded all refugees as potential spies or partisans. The United States repeatedly offered to help, but were refused. With relations between the Allies strained, a plan was conceived for an undercover rescue mission. In total secrecy, the OSS chose an obscure American air force detachment stationed at a Ukrainian airfield. The man they picked to undertake it was veteran 8th Air Force bomber pilot Captain Robert Trimble. With little covert training, Trimble took the mission. He would survive by wit, courage, and determination. This is the compelling, true story of an American hero who risked everything to bring his fellow soldiers home to safety and freedom. Based on interviews with veterans and unpublished memoirs tells the true stories of twenty marines during World War II, from the attacks on Pearl Harbor through Guadalcanal, Okinawa, and their return home after V-J Day. 40,000 first printing.

The first and only memoir by one of the original Navajo code talkers of WWII. His name wasn't Chester Nez. That was the English name he was assigned in kindergarten. And in boarding school at Fort Defiance, he was punished for speaking his native language, as the teachers sought to rid him of his culture and traditions. But discrimination didn't stop Chester from answering the call to defend his country after Pearl Harbor, for the Navajo have always been warriors, and his upbringing on a New Mexico reservation gave him the strength—both physical and mental—to excel as a marine. During World War II, the Japanese had managed to crack every code the United States used. But when the Marines turned to its Navajo recruits to develop and implement a secret military language, they created the only unbroken code in modern warfare—and helped assure victory for the United States over Japan in the South Pacific. INCLUDES THE ACTUAL NAVAJO CODE AND RARE PICTURES
