Stitch provides a much-needed look into the most integral technique--peyote stitch. With 15 styles in all, beading geniuses will finally have an accessible, easy-to-understand guide to one of the fundamentals of beadweaving, brought to you courtesy of Beadwork Editor Melinda Barta. In the "Peyote Basics" chapter, you will learn the basics of creating flat peyote bands, then advance to circular and tubular variations, eventually learning to fashion dimensional jewelry pieces. Once you've mastered the basics, Melinda dives into designing dimensional jewelry pieces. Additional chapters cover combining peyote with other popular beadweaving techniques (right-angle weave, herringbone, and bead embroidery) and creating unique edgings and embellishments for finished pieces. Melinda, together with Beadwork's Designers of the Year, including Jean Campbell, Lisa Kan, Carole Ohl, Melanie Potter, Jean Power, Cynthia Rutledge, and Sherry Serafini, demonstrates a range of styles in 15 beautiful jewelry projects.

FROM NOTATION TO MUSIC tells the story of one composer's search for meaning in the musical notations of the late 20th Century. Radical departures from the traditional composer-performer relationship contributed to a re-evaluation of traditional notation. Ralph Blauvelt recounts his confrontation with these issues and the development of his own philosophy in the music he composed between 1964 and 1981. He traces the evolution of his ideas through more than eighty compositions. After working to master the notation of traditional music and the highly determinate notations of serial music, he describes the influence of Karlheinz Stockhausen on his first compositions with indeterminate notations. Studies with Lejaren Hiller and experiments with computer and electronic music inspired new compositions. With over 190 photographs and illustrations Ralph Blauvelt describes his

journey and the ideas that led to his text pieces and graphic 'visual' scores.

They came by boat, some in 1825 in the smallest vessel ever to cross the Atlantic at the time. They came for a new life, a better future. They brought arts, culture, and foods the lies of which American had never seen before. "Norwegian Touches" tells the stories of Norwegian immigrants, their ancestors, and their descendants. It also includes tales of great Norwegians such as playwright Henrik Ibsen, artist Edvard Munch, composer Edvard Grieg, violinist Ole Bull, sculpture Jacob Fjelde, master novelist Ole Edvart Rolvaag, and Wisconsin woodcarvers Else Bigton and Philip Odden. Featured tourist attractions include Vesterheim Norwegian-American Museum in Decorah, Iowa; The Chapel in the Hills, Rapid City, South Dakota; Moorhead, Minnesota's Heritage Hjemkomst Center; and Mount Horeb, Wisconsin, which bills itself as the troll capital of America. The book is beautifully designed and is illustrated with about 80 photographs, half of them in full color. About 100 classic recipes cover a range of Norwegian foods.

This is the first book to apply new academic understandings of the convict transportation system to explore the lives of individual convicts. In searching for the convict voice, each chapter is a detective story in miniature, either an exercise in discovering the identity behind a particular account or a piecing together of a convict life from the scattered fragments
