in water. Base - contains hydroxide and produces OH^- ions when dissolved in water.

Binary acids (HF , HCl , H_2S , etc.) Going across a row, rule is: the higher the electronegativity, stronger the acid.

Ternary acids (HNO_3 , H_2SO_4 , HClO_4 , etc.)

File Type PDF

Acids And

Bases Study

Although the Arrhenius definitions of acid, base, and acid-base reactions provided in Sections 5.1, 5.4, and 5.6 are very important, especially to the beginning chemistry student, chemists have found it useful to extend these definitions to include new substances as acids and bases that

File Type PDF

Acids And

would not be classified as such according to the Arrhenius definitions.

Acids And

An Acid is a type of sour substance.

Examples of acids are lemon juice and vinegar.

A base is a type of bitter substance. A base dissolved in water is called a basic solution.
