DESCRIPTION (1934):

The advent of the automobile brought a clash of industrial ideas. Should the new vehicle be high priced, obtainable only by the wealthy? Or should it be a vehicle of service to all humanity-within reach of the pocketbook of every family? Henry Ford's answer was the Model T, which became

known as the "Universal Car" and of which he manufactured more than 15,000,000. With the Ford car available to the millions, there sprang up a nation-wide demand for better roads. The Ford car proved a great social factor in the development and growth of the American people. And the story of the founding, success,
