The SAG (sorry, still makes me titter) award 'Primetime Television' nominees are in. Modern Family have the usual slew. To see the film nominations, make your way to Movie News.

A beautiful gift hardcover edition, with the original 1960s cover design.

With contributions from leading brand experts around the world, this valuable resource delineates the case for brands (financial value, social value, etc.) and looks at what makes certain brands great. It covers best practices in branding and also looks at the future of brands in the age of globalization. Although the balance sheet may not even put a value on it, a company's brand or its portfolio of brands is its most valuable asset. For well-known companies it has been calculated that the brand can account for as much as 80 percent of their market value. This book argues that because of this and because of the power of not-for-profit brands like the Red Cross or Oxfam, all organisations should make the brand their central organising principle, guiding every decision and every action. As well as making the case for brands and examining the argument of the anti-globalisation movement that brands are bullies which do harm, this second edition of Brands and Branding provides an expert review of best practice in branding, covering everything from brand positioning to brand protection, visual and verbal identity and brand communications. Lastly, the third part of the book looks at trends in branding, branding in Asia, especially in China and India, brands in a digital world and the future for brands. Written by 19 experts in the field, Brands and Branding sets out to provide a better understanding of the role and importance of brands, as well as a wealth of insights into how one builds and sustains a successful brand.

Ted Hughes, Poet Laureate, was one of the greatest writers of the twentieth century. He was one of Britain's most important poets. With an equal gift for poetry and prose, he was also a prolific children's writer and has been hailed as the greatest English letterwriter since John Keats. His magnetic personality and insatiable appetite for friendship, love, and life also attracted more scandal than any poet since Lord Byron. His lifelong quest to come to terms with the suicide of his first wife, Sylvia Plath, is the saddest and most infamous moment in the public history of modern poetry. Hughes left behind a more complete archive of notes and journals than any other major poet, including thousands of pages of drafts, unpublished poems, and memorandum books that make up an almost complete record of Hughes's inner life, which he preserved for posterity. Renowned scholar Jonathan Bate has spent five years in the Hughes archives, unearthing a wealth of new material. His book offers, for the first time, the full story of Hughes's life as it was lived, remembered, and reshaped in his art.

Air University is proud to have joined the Air Staff and the International Security Studies Program of the Fletcher School of Law and Diplomacy at Tufts University in sponsoring the April 1991 conference on aerospace challenges and missions that produced this collection of essays. Written by a distinguished group of specialists from academia, the military, government, business, and the media, these essays examine American national security policy and Air Force issues from a variety of perspectives. Aside from their remarkable perceptiveness, the contributions of the authors are especially timely because they address the pivotal role of air power in the war with Iraq. The essays leave no doubt that the employment of both established and innovative methods of air combat in that crisis has important implications for the global-security environment of the future. In that sense, this book provides a foundation for evaluating the complex policy challenges that we face in the 1990s and into the next century."Charles G. BoydLieutenant General, United States Air ForceCommander, Air University

A realistic and emotional look at a woman who falls into the grips of insanity written by the iconic American writer Sylvia Plath — It is this perfectly wrought prose and the freshness of Plath's voice in The Bell Jar that make this book enduring in its appeal. — USA Today The Bell Jar chronicles the crack-up of Esther Greenwood: brilliant, beautiful, enormously talented, and successful, but slowly going under—maybe for the last time. Sylvia Plath masterfully draws the reader into Esther's breakdown with such intensity that Esther's insanity becomes completely real and even rational, as probable and accessible an experience as going to the movies. Such deep penetration

into the dark and harrowing corners of the psyche is an extraordinary accomplishment and has made *The Bell Jar* a haunting American classic. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

The term 'natural disaster' is often used to refer to natural events such as earthquakes, hurricanes or floods. However, the phrase 'natural disaster' suggests an uncritical acceptance of a deeply engrained ideological and cultural myth. *At Risk* questions this myth and argues that extreme natural events are not disasters until a vulnerable group of people is exposed. The updated new edition confronts a further ten years of ever more expensive and deadly disasters and discusses disaster not as an aberration, but as a signal failure of mainstream 'development'. Two analytical models are provided as tools for understanding vulnerability. One links remote and distant 'root causes' to 'unsafe conditions' in a 'progression of vulnerability'. The other uses the concepts of 'access' and 'livelihood' to understand why some households are more vulnerable than others. Examining key natural events and incorporating strategies to create a safer world, this revised edition is an important resource for those involved in the fields of environment and development studies.

The 10th-anniversary edition of this landmark investigation into how the Internet is dramatically changing how we think, remember and interact, with a new afterword.

Dublin, 1841. On a cold December morning, a small boy is enticed away from his mother and his throat savagely cut. This could be just one more small, sad death in a city riven by poverty, inequality and political unrest, but this killing causes a public outcry. For it appears the culprit – a feckless student named John Delahunt – is also an informant for the authorities at Dublin Castle. And strangely, this young man seems neither to regret what he did nor fear his punishment. Indeed, as he awaits the hangman in his cell in Kilmainham Gaol, John Delahunt decides to tell his story in this, his final, deeply unsettling statement . . . Based on true events that convulsed Victorian Ireland, *The Convictions of John Delahunt* is the tragic tale of a man who betrays his family, his friends, his society and, ultimately, himself. Set amidst Dublin's taverns, tenements, courtrooms and alleyways and with its rich, Dickensian cast of characters, this compelling, at times darkly humorous, novel brilliantly evokes a time and a place, and introduces a remarkable new literary voice.

A major literary event--the complete, uncensored journals of Sylvia Plath, published in their entirety for the first time. Sylvia Plath's journals were originally published in 1982 in a heavily abridged version authorized by Plath's husband, Ted Hughes. This new edition is an exact and complete transcription of the diaries Plath kept during the last twelve years of her life. Sixty percent of the book is material that has never before been made public, more fully revealing the intensity of the poet's personal and literary struggles, and providing fresh insight into both her frequent desperation and the bravery with which she faced down her demons. *The Unabridged Journals of Sylvia Plath* is essential reading for all who have been moved and fascinated by Plath's life and work.
