This section of the manual deals with an " ideal " scenario, in terms of the assignment of external computer peripherals to operate the X-Plane B737-800 with the highest degree of realism. If you are missing some of these external peripherals, you may elect to choose a different configuration that better suits your hardware.

X-Plane 11

The ONS and MAX Display System (MDS) integrate airplane data collected during flight with a new Onboard Maintenance Function (OMF) that consolidates maintenance data for view on the flight deck displays and on portable maintenance devices, such as tablets (there is an iPad app called Boeing ONS Maintenance that anybody can download from iTunes). OMF began with more than 1,700 requirements from ...
