Getting it Across is a practical guide for researchers and graduate students who need to publish their findings. The focus of the book is on effective writing: using strong sentences, clear word choice, and effective structure to get the message across. The book includes over a hundred examples of actual written texts, mostly taken from the architecture and planning field. Using this "real text" approach and written in a light and accessible tone, the book addresses-in a very practical way-all the issues facing the academic writer: structure, grammar, word choice, and especially style. Apart from its many applied examples, the book includes complete explanations, exercises and a thorough answer key. This makes the book an ideal self-study and reference book, as well as a practical text book for academic writing courses in the social sciences.

"Effective Academic Writing is a workbook for university students who are keen to understand and improve their academic writing skills. It provides students and teachers with a framework for understanding writing and offers many useful writing activities at sentence, paragraph and essay level for learning and teaching. The book explains four highly valued essay types which university students are expected to write. These are information reports, explanations, expositions and discussions. In addition, managing essay questions, citations and evidence are also addressed and practised."--Publisher.

Using rich examples and engaging pedagogical tools, this book equips students to master the challenges of academic writing in graduate school and beyond.
