By Heidi Ayarbe. Compulsion. Ten letters. Ten plus zero equals 10. Damn! Not good. If you ' re wondering what I ' m raving about, wait until you dive into Compulsion and into the very chaotic head of seventeen-year-old Jake Martin, star soccer player and OCD sufferer.. Jake ' s held prisoner by his compulsions – needing the time, or people ' s words, or french fries or his steps and just ...

Today has to be perfect. Magic. I look at the clock. 10:14 AM. Ten fourteen. One plus one is two plus four is six plus ten is sixteen minus one is fifteen minus two is thirteen. OK. I turn from the clock and walk into the hallway. "Ready." Saturday will be the third state soccer championship in a row for Jake Martin. Three. A good number. Prime. With Jake on the field, Carson City High can't lose because Jake has the magic: a self-created protection generated by his obsession with prime numbers. It's the magic that has every top soccer university recruiting Jake, the magic that keeps his family safe, and the magic that suppresses his anxiety attacks. But the magic is Jake's prison, because sustaining it means his compulsions take over nearly every aspect of his life. Jake's convinced the magic will be permanent after Saturday, the perfect day, when every prime has converged. Once the game is over, he won't have to rely on his sister to concoct excuses for his odd rituals. His dad will stop treating him like he is some freak. Maybe he'll even make a friend other than Luc. But what if the magic doesn't stay? What if the numbers never leave? Acclaimed author Heidi Ayarbe has created an honest and riveting portrait of a teen struggling with obsessive compulsive disorder in this breathtaking and courageous novel.

Milo and Alex search for a killer who is targeting women but using different MOs.

Maya's life has always been chaotic. Living with a con-man dad, she's spent half her life on the run. Whenever her father's schemes go wrong, Maya finds a scientific way to fix it. But when her dad ends up in prison and foster care fails, Maya grasps at her last possible hope of a home: a long-lost aunt, who may not even exist. So Maya formulates a plan, and with her wits, two unlikely allies, and twenty dollars in her pocket, she sets off in search of this aunt, navigating the unpredictable four hundred miles from Reno to Boise. Life on the streets, though, becomes a struggle for survival—those scientific laws Maya has relied on her whole life just don't apply. And with each passing day, Maya's definitions of right and wrong are turned upside down when she's confronted with the realities and dangers of life as a runaway. She can't help but wonder if trying to find her aunt—and some semblance of stability—is worth the harrowing journey or if she should compromise and find a way to survive on her own.

Sanctuary. A one-word text message: That's all Michal "Mike" Garcia needs to gather a crowd. Mike is a seventeen-year-old bookie, and Sanctuary is where she takes bets for anyone at Carson City High with enough cash. Her only rule: Never participate, never place a bet for herself. Then Josh Ellison moves to town. He pushes Mike to live her life, to feel a rush of something—play the game, he urges, stop being a spectator. So Mike breaks her one rule. She places a bet, feels the rush. And loses. In an act of desperation, she and Josh—who has a sordid past of his own—concoct a plan: The pair will steal from Carson City's elite to pay back Mike's debt. Then they'll give the rest of their haul to those who need it most. How can burglary be wrong if they are making things right? Wanted will thrust readers into the gritty underbelly of Carson City, where worth is determined by a score, power is derived from threat, and the greatest feat is surviving it all.

No matter how many times Kyle rewrites the scene, he can't get it right. He tries it in the style of Hitchcock, Tarantino, Eastwood, all of his favorite directors—but regardless of the style, he can't remember what happened that day in the shed. The day Jason died. And until he can, there is one question that keeps haunting Kyle: Did he kill his best friend on purpose? Debut novelist Heidi Ayarbe delves into the depths of the human psyche as Kyle wrestles with inner demons that make him wonder whether the world will ever be okay again—or if the best thing to do is find a way to join Jason.

"Adam Rapp ' s brilliant and haunting story will break your heart. But then his words will mend it. . . . Absolutely unforgettable." – Michael Cart On the run in a stolen car with a kidnapped baby in tow, Custis, Curl, and Boobie are three young people with deeply troubled pasts and bleak futures. As they struggle to find a new life for themselves, it becomes painfully clear that none of them will ever be able to leave the past behind. Yet for one, redemption is waiting in the unlikeliest of places. With the raw language of the street and lyrical, stream-of-consciousness prose, Adam Rapp hurtles the reader into a world of lost children, a world that is not for the faint of heart. Gripping, disturbing, and starkly illuminating, his hypnotic narration captures the voices of two damaged souls - a third speaks only through drawings - to tell a story of alienation, deprivation, and ultimately, the saving power of compassion.

For as long as Monica Devon can remember, she has been two things: a whiz at making anagrams, and a perfectionist who spends most of her time obsessing about saying and doing the right thing. Now at fourteen, Monica's compulsive habits have spiraled out of control. Seeing no other way out, she creates Multiple Choice, a roulette word game that will force spontaneity into her life, and, she hopes, free her from her obsessions. It seems so easy--create a list of options, choose a Scrabble tile, and carry out the act. At first the game is exciting and somewhat liberating. But soon it starts to go devastatingly wrong. Fortunately for Monica, help is closer than she thinks. With a distinctive voice full of both humor and realism and a mastery of detail, Janet Tashjian reveals marked insight into the dark corners of a troubled teenager's mind.

Fin can't stop counting. She's always heard a voice inside her head, ordering her to listen, but ever since she's moved to the Sunshine State and her parents split up, numbers thump like a metronome, rhythmically keeping things in control. When a new doctor introduces terms such as "clinical depression" and "OCD" and offers a prescription for medication, the chemical effects make Fin feel even more messed up. Until she meets Thayer, a doodling, rule-bending skater who buzzes to his own beat—and who might just understand Fin's hunger to belong, and her struggle for total constant order. Crissa-Jean Chappell's candid and vividly told debut novel shares the story of a young teen's experience with obsessive compulsive disorder and her remarkable resolve to find her own inner strength.

Then Harrison is brought into a new home with kind, loving parents—his new dad is even a football coach. Harrison's big build and his incredible determination quickly make him a star running back on the junior high school team. On the field, he's practically unstoppable. But Harrison's good luck can't last forever. When a routine sports injury leads to a devastating diagnosis, it will take every ounce of Harrison's determination not to give up for good.
