Since it was first published in 1973, *Couscous and Other Good Food from Morocco* has established itself as the classic work on one of the world's great cuisines, and in 2008 it was inducted into the James Beard Cookbook Hall of Fame. From the magnificent bisteeyas (enormous, delicate pies composed of tissue-thin, buttery layers of pastry and various fillings) to endless varieties of couscous, Paula Wolfert reveals not only the riches of the Moroccan kitchen but also the variety and flavor of the country itself. With its outstanding recipes, meticulous and loving research, and keen commitment to the traditions of its subject, this is one of those rare cookbooks that are as valuable for their good reading as for their inspired food.

Paula Wolfert's name is synonymous with revealing the riches of authentic Mediterranean cooking, especially the cuisine of Morocco. In *The Food of Morocco*, she brings to bear more than forty years of experience of, love of, and original research on the traditional food of that country. The result is the definitive book on Moroccan cuisine, from tender Berber skillet bread to spiced hariria (the classic soup made with lentils and chickpeas), from chicken with tangy preserved lemon and olives to steamed sweet and savoury breast of lamb

stuffed with couscous and dates. The recipes are clear and inviting, and infused with the author's unparalleled knowledge of this delicious food. Essays illuminate the essential elements of Moroccan flavour and emphasise the accessibility of once hard-to-find ingredients such as saffron, argan oil and Moroccan cumin seed.

A soulful chef creates his first masterpiece What Mourad Lahlou has developed over the last decade and a half at his Michelin-starred San Francisco restaurant is nothing less than a new, modern Moroccan cuisine, inspired by memories, steeped in colorful stories, and informed by the tireless exploration of his curious mind. His book is anything but a dutifully "authentic" documentation of Moroccan home cooking. Yes, the great classics are all here—the basteeya, the couscous, the preserved lemons, and much more. But Mourad adapts them in stunningly creative ways that take a Moroccan idea to a whole new place. The 100-plus recipes, lavishly illustrated with food and location photography, and terrifically engaging text offer a rare blend of heat, heart, and palate.

Recipes and culinary suggestions are arranged according to the key ingredients of Mediterranean cooking, from garlic and oil, olives, and eggplant to cheese, nuts, honey, and fruits

Paula Wolfert, one of America's leading food writers, spent two years travelling extensively in Morocco collecting recipes from private kitchens and restaurants, to fill this informative and mouth-watering book. She spent hours talking to ordinary cooks in kitchens which were often remote and primitive, coaxing the exact details of traditional recipes out of men and women whose knowledge had been handed down through generations.

An introduction to North African cuisine focuses on dishes that feature couscous, a form of steamed cracked wheat

Unforgettable tells the story of culinary legend and author of nine award-winning cookbooks, Paula Wolfert, who was diagnosed with Alzheimer's in 2013. This biographical cookbook written by Emily Kaiser Thelin and photographed by Eric Wolfinger, shares more than fifty of her most iconic dishes and explores the relationship between food and memory. The gripping narrative traces the arc of Wolfert's career, from her Brooklyn childhood to her adventures in the farthest corners of the Mediterranean: from nights spent with Beat Generation icons like Allen Ginsberg, to working with the great James Beard; from living in Morocco at a time when it really was like a fourteenth century culture, to bringing international food to America's kitchens through magazines and cookbooks. Anecdotes and adventuresome stories come from Paula's extensive personal archive, interviews with Paula herself, and dozens of interviews with food writers and chefs whom she influenced and influenced her—including Alice Waters, Thomas Keller, Diana Kennedy, André Daguin, and Jacques Pepin. Wolfert's recipes are like no other: each is a new discovery, yielding incredible flavors, using unusual techniques and ingredients, often with an incredible backstory. And the recipes are organized into menus inspired by Wolfert's life and travels--such as James Beard's Easy Entertaining menu; a Moroccan Party; and a Slow and Easy Feast. Unforgettable also addresses Wolfert's acknowledgement of the challenges of living with Alzheimer's, a disease that often means she cannot remember the things she did yesterday, but can still recall in detail what she has cooked over the years. Not accepting defeat easily, Wolfert created a new brain-centric diet, emphasizing healthy meats and fresh vegetables, and her recipes are included here. Unforgettable is a delight for those who know and love Paula Wolfert's recipes, but will be a delicious discovery for those who love food, but have not yet heard of this influential cookbook writer and culinary legend.
