Angry and rebellious, eighteen-year-old Franklin Crabbe skips his final exams and disappears into the Canadian wilderness, where a woman with her own reasons for hiding teaches him how to survive, as well as how to live.

Buster Crabbe's chief claim to fame, aside from his Olympic gold medal (for the 400-meter freestyle event in 1932), rests in the trio of movie serials in which he played the popular science-fiction hero Flash Gordon. Crabbe was the only actor to play the roles of Tarzan (in one movie), Flash Gordon, and Buck Rogers, the top three pulp action heroes of the 1930s. Crabbe carved out a career that would also include more than 100 B-movies and program Westerns, a television adventure series, and a successful physical fitness enterprise. All of this and more is detailed in this book, which includes a complete filmography providing cast and crew information for each of his 103 feature films and serials.

* One of Success magazine's Best Books of 2015 * It's difficult to ask anybody 'How are you?' without hearing the word 'busy' somewhere in their response. We feel overwhelmed by busyness because of the demands on our time: our inbox and our to-do list are bulging, a huge amount of people expect things from us and our organisations are trying to do more with fewer people. But it doesn't have to be that way. In reality, busyness isn't essential. Yes, there is a lot to do, but believing you're always busy because you have so much to do is both false and unhelpful. Busyness is a normal response to a world of too much, but it isn't the only response. In *Busy* Tony Crabbe draws on solid psychological research to address one of the great problems of modern life: we're too busy. But it isn't a time-management book. Rather than providing advice for increasing productivity and efficiency, it sets out four key strategies (corresponding to sections of the book) for thriving despite of the overload of too much: 1. Mastery - to move beyond busyness you need to regain a sense of mastery over your life. This section shows you how to build a sense of control back into your life, take responsibility for making choices and how to set boundaries to protect you from the flood of demands and information. 2. Focus - in a world of too much, success is not about doing more at work but about making an impact. This section outlines three ways to move to a career strategy that doesn't rely on productivity alone. 3. Engagement - busyness can cause you to disengage from the people, values and activities that are important to us. This section provides you with the three keys to re-engaging with your work and life. 4. Momentum - part of the challenge to moving beyond busyness is that even if you agree you should make the change, you're too busy to find the time and energy to do anything about it. This section is dedicated to helping you make the change, creating the impetus, energy and clarity to move to a life less busy.

The last of the Augustan poets, following Dryden and Pope in the use of the heroic couplet, George Crabbe was an important literary figure of the early nineteenth century. Lord Byron famously described him as "nature's sternest painter, yet the best." Esteemed by the Romantics as a rebel against the genteel fancy of his day, Crabbe pleaded for the poet's right to describe the commonplace realities and miseries of human life. He is best known for his early use of the realistic narrative form and his detailed descriptions of middle and working-class life, which is unsentimental in its portrayal.
