MAGIC IS A DRUG. CAREFUL HOW YOU USE IT. The Magical Enforcement Agency keeps dirty magic off the streets, but there's a new blend out there that's as deadly as it is elusive. When patrol cop Kate Prospero shoots the lead snitch in this crucial case, she's brought in to explain herself. But the more she learns about the investigation, the more she realizes she must secure a spot on the MEA task force. Especially when she discovers that their lead suspect is the man she walked away from ten years earlier - on the same day she swore she'd given up dirty magic for good. Kate Prospero's about to learn the hard way that crossing a wizard will always get you burned, and that when it comes to magic, you should never say never.

MAGIC IS A DRUG. ADDICTIVE AND DEADLY. After the gristly murder of a dirty magic coven leader, Kate Prospero and The Magical Enforcement Agency team up with the local police to find the killer. But as the infighting between covens turns ugly, an all-out war brews in the slums of Babylon. When a tenacious reporter sticks her nose in both the investigation and Prospero's past in the covens, old ghosts resurface. The team will have to use all the weapons in their arsenal to stop the coven war and find the killer before the case brings down all their careers - and their lives. Deadly Spells is the third urban fantasy in the Prospero's War series by USA Today Bestseller Jaye Wells. The first two novels in the series were Dirty Magic and Cursed Moon.

MAGIC IS A DRUG. IT'LL COST MORE THAN YOU CAN PAY. . . When a rare Blue Moon upsets the magical balance in the city, Detective Kate Prospero and her Magic Enforcement colleagues pitch in to help Babylon PD keep the peace. Between potions going haywire and emotions running high, every cop in the city is on edge. But the moon's impact is especially strong for Kate, who's wrestling with guilt over her use of illegal magic. When a rogue wizard steals dangerous potions from a local coven, Kate's team must find the thief's hideout before the vengeful coven catches him. But the investigation uncovers the rogue's dangerous plot to unleash chaotic magic on the city. Once the Blue Moon rises no-one's secrets will be safe. Not even Kate's.

Magic is a Drug. Dirty Deals Lead to Deadly Ends. When the Magic Enforcement Agency is called out to the scene of a dirty magic lab explosion, a body with a bullet wound is found in the smoldering ruins. As Detective Kate Prospero and her partner, Special Agent Drew Morales, hunt down the killer, they uncover evidence that a dangerous new coven may be operating in the Cauldron. It's not long before the bodies start piling up, and the heat is on for the team to make an arrest. Solving the murders will require unraveling dangerous alliances between the city's dirty magic covens. And if they're not careful, the new complexities of Morales and Prospero's own partnership threaten to make a volatile situation downright deadly.

Now that the threat of war has passed, Sabina Kane is ready to focus on the future. Her relationship with Adam Lazarus is getting stronger and she's helping her sister, Maisie, overcome the trauma of her captivity in New Orleans. Even Giguhl is managing to stay out of trouble thanks to the arrival of Pussy Willow and his new roller derby team. But as much as Sabina wants to feel hopeful about the future, part of her doesn't believe that peace is possible. Her suspicions are confirmed when a string of sadistic murders threatens to stall treaty negotiations between the mages and the vampires. Sabina pitches in to find the killer, but her investigation soon leads her down dark paths that have her questioning everyone she thought she could trust. And the closer she gets to the killer, the more Sabina begins to suspect this is one foe she may not be able to kill.

The epic conclusion to the amazing Sabina Kane urban fantasy series by USA Today bestseller Jaye Wells. Sabina Kane is on the hunt. Her prey: Cain, the father of the vampire race and the one who murdered her family and her friends. Unfortunately, Cain is hunting Sabina, too. The one man who holds the key to defeating Cain is, of course, Abel. A mage with secrets to spare and, hopefully, the power to match it. Unfortunately, for Sabina, he's in Rome and may not want to be found. Sabina sets out for Italy with her friends, Giguhl and Adam Lazarus, to track down the only man who can get her the revenge she hungers for. But will he help her or oppose her? And just who is Abel, really? Worst of all, when Sabina figures out the goddess Lilith has a plan for her-she realizes this trip is getting deadlier by the minute. As they say: when in Rome-SURVIVE.

It began ages past in fabled Atlantis, when a mad, power-hungry queen forged a key to a door never meant to be opened by mortal man--its inception would hasten her own death and the extinction of her vainglorious race. For millennia the key lay forgotten beneath the waves, lost amid the ruins of what had been the most beautiful city on Earth. But however jealously the sea hoards its secrets, sooner or later it yields them up. Now, in present-day Yorkshire, that time has come. And for young Fernanda Capel, life will never be the same again . . .

For fans of Hex Hall, The Magicians, Practical Magic, and Food Wars! Anise Wise loves three things: baking, potion making, and reading her spellbooks in blissful silence. She might not be the most powerful witch, but enchantment is a rare skill, and her ability to bake with magic is even rarer. Too bad no one wants witchcraft on their campus. Anise's dream of attending pastry school crumbles with rejection letter after rejection letter. Desperate to escape her dead-end future, Anise contacts the long-lost relative she's not supposed to know about. Great Aunt Agatha owns the only magic bakery in the US, and she suddenly needs a new apprentice. Anise is so excited she books it to New Mexico without thinking to ask what happened to the last girl. The Spellwork Syndicate rules the local witches in Taos, but as "accidents" turn into full-out attacks on Anise's life, their promises to keep her safe are less and less reassuring. Her cranky bodyguard is doing his best, but it's hard to fight back when she has no idea who's the enemy. Or why she became their target. If Anise can't find and stop whoever wants her dead, she'll be more toasted than a crème brûlée. Who knew baking cakes could be so life or death?
