~~Don't Rush Me turned out to be something completely unexpected. The characters are AMAZING! I love Terrance, Oliver, Nick and Parker for all of their uniqueness. Nora is quirky and thankfully she didn't go straight from a traumatic past to a nymphomaniac, it makes her story more real.~~

I don't read many reverse harem books (one man is too many for a woman!), and YMMV, but the guys chasing Nora are pretty cartoony, brooding caveman types. Well, I guess werewolves would be that way, and perhaps a vampire too. The fey guy isn't brooding, I guess...he's kind of ...~~

~~Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.~~

~~In a dramatic, moving work of historical reporting and personal discovery, Mark Whitaker, award-winning journalist, sets out to trace the story of what happened to his parents, a fascinating but star-crossed interracial couple, and arrives at a new understanding of the family dramas that shaped their lives—and his own. His father, "Sy" Whitaker, was the charismatic grandson of slaves who grew up the child of black undertakers from Pittsburgh and went on to become a groundbreaking scholar of Africa. His mother, Jeanne Theis, was a shy World War II refugee from France whose father, a Huguenot pastor, helped hide thousands of Jews from the Nazis and Vichy police. They met in the mid-1950s, when he was a college student and she was his professor, and they carried on a secret romance for more than a year before marrying and having two boys. Eventually they split in a bitter divorce that was followed by decades of unhappiness as his mother coped with self-recrimination and depression while trying to raise her sons by herself, and his father spiraled into an alcoholic descent that destroyed his once meteoric career. Based on extensive interviews and documentary research as well as his own personal recollections and insights, My Long Trip Home is a reporter's search for the factual and emotional truth about a complicated and compelling family, a successful adult's exploration of how he rose from a turbulent childhood to a groundbreaking career, and, ultimately, a son's haunting meditation on the nature of love, loss, identity, and forgiveness.~~
