The institution responsible for this transformation, and that continues to propagate its ideological message, is the Euro-Arab Dialogue, developed by European and Arab politicians and intellectuals over the past thirty years. 'This is a provocative and disturbing book. With all the drama of a master writer, Bat Ye'or presents a wide range of historical and contemporary documents and facts to tell the story of how the European Union is being subverted by Islamic hostility to the very ethics and values of Europe itself. Readers who seek a fair resolution of the Arab-Israel conflict will be shocked by the evidence produced in these pages of unfair pressures and deliberate distortions. Europe's independence of spirit is

shown in the process of being undermined. This book challenges the current demonization of Israel and should be essential reading (and re-reading) for everyone interested in true peace in the Middle East. It is also a warning to Europe not to allow the anti-American and anti-Israel pressures of Islam to subvert Europe's true values: vibrant democracy, humanitarian free thinking, and social fair dealing.' Sir Martin Gilbert 'Bat Ye'or has traced a nearly secret history of Europe over the past thirty years, convincingly showing how the Euro-Arab Dialogue has blossomed from a minor discussion group into the engine for the continent's Islamization. In delineating this phenomenon, she also provides the intellectual resources with which to resist it. Will her message be listened to?' Daniel Pipes 'No writer has done more than Bat Ye'or to draw

attention to the menacing character of Islamic extremism. Future historians will one day regard her coinage of the term 'Eurabia' as prophetic. Those who wish to live in a free society must be eternally vigilant. Bat Ye'or's vigilance is unrivalled.' N

Europe, Globalization, and the Coming Universal Caliphate analyzes the modern political trends and strategies that are leading to major changes in Western civilization, America included, since the OIC strategy targets America also. Learning from the European experience is crucial for Americans. Moreover this evolution is inscribed in the historical movement of Islamic theology and expansionism. It is not fortuitous but it has its own theological and political

the Jews and Christians under the rule of Islam. A pioneer in a virgin field of research for which she has coined the term dhimmitude, the author has included a documentary section illuminating the process of Eastern Christianity's Islamization. In two waves of Islamic expansion, the Christian and Jewish populations of the Mediterranean regions and Mesopotamia, who had developed the most prestigious civilizations, were conquered by jihad. Millions of Christians from Spain, Egypt, Syria, Greece, and Armenia; Latins and Slavs from southern and central Europe; as well as Jews, were henceforth governed by the shari'a (Islamic law). A knowledge of this historical background is essential in order to understand contemporary events."

Dhimmitude is thus discussed from the perspective of Muslim theory, and also in regard to divergent Christian attitudes to Jews and Zionism."--BOOK JACKET.

Since the start of the twenty-first century, the political mainstream has been shifting to the right. The liberal orthodoxy that took hold in the West as a reaction to the Second World War is breaking down. In Europe, populist political parties have pulled the mainstream in their direction; in America, a series of challenges to the Republican mainstream culminated in the 2016 election of Donald Trump. In *Key Thinkers of the Radical Right*, sixteen expert scholars explain sixteen thinkers, providing an introduction to their life and work, a guide to their thought, and an explanation of their

work's reception. The chapters focus on thinkers who are widely read across the political right in both Europe and America, such as Julius Evola, Alain de Benoist, and Richard B. Spencer. Featuring classic, modern, and emerging thinkers, this selection provides a good representation of the intellectual right and avoids making political or value judgments. In an increasingly polarized political environment, *Key Thinkers of the Radical Right* offers a comprehensive and unbiased introduction to the thinkers who form the foundation of the radical right.
