After reading (and reviewing) Exam Ref 70-687 Configuring Windows 8.1 (MCSA), I passed the first Microsoft certification exam required to earn the Windows 8.1 MCSA certification. Despite the problems I had with the book, the next in the series was one of the few resources available to self-prep for the 70-688 Supporting Windows 8.1 exam. After reading the book and from my own experience with the operating system, I passed exam 70-688 and have now earned my Windows 8.1 MCSA.
