A wise, affecting novel from the beloved, award-winning author of *Funny Girl*, *High Fidelity*, and *About A Boy*. New York Times-bestselling author Nick Hornby mines the hearts and psyches of four lost souls who connect just when they've reached the end of the line. *A Long Way Down* is now a major motion picture from Magnolia Pictures starring Pierce Brosnan, Toni Collette, Aaron Paul, and Imogen Poots. Meet Martin, JJ, Jess, and Maureen. Four people who come together on New Year's Eve: a former TV talk show host, a musician, a teenage girl, and a mother. Three are British, one is American. They encounter one another on the roof of Topper's House, a London destination famous as the last stop for those ready to end their lives. In four distinct and riveting first-person voices, Nick Hornby tells a story of four individuals confronting the limits of choice, circumstance, and their own mortality. This is a tale of connections made and missed, punishing regrets, and the grace of second chances. Intense, hilarious, provocative, and moving, *A Long Way Down* is a novel about suicide that is, surprisingly, full of life.

"Breezy, sophisticated, hilarious, rude and aching with sweetness: Love, Nina might be the most charming book I've ever read." -- Maria Semple, author of *Where'd You Go, Bernadette* In 1982, 20-year-old Nina Stibbe moved to London to work as a nanny to two opinionated and lively young boys. In frequent letters home to her sister, Nina described her trials and triumphs: there's a cat nobody likes, suppertime visits from a famous local playwright, a mysteriously unpaid milk bill, and repeated misadventures parking the family car. Dinner table discussions cover the gamut, from the greats of English literature, to swearing in German, to sexually transmitted diseases. There's no end to what Nina can learn from these boys (rude words) and their broad-minded mother (the who's who of literary London). A charming, hilarious, sweetly inspiring celebration of bad food and good company, *Love, Nina* makes a young woman's adventures in a new world come alive.

"How often do you begin reading a book that makes you—immediately, urgently, desperately—want to read more books?" (Booklist) Nick Hornby has managed to write just such a book in this hilarious, insightful, and infectious volume. Ten Years in the Tub chronicles Hornby's journey through a decade's worth of books, as related in his wildly popular Believer column "Stuff I've Been Reading." Ten Years in the Tub is a one-way ticket into the mind of one of the most beloved contemporary writers on his favorite pastime, but it's also a meditation on what Celine Dion can teach us about ourselves, a warning about how John Updike can ruin our sex lives, and a recommendation for the way Body Shop Vanilla Shower Gel can add excitement to our days. This "decade-long addiction for many... makes standing in line at the bank a blessed interval for snorting another page." (the New York Times Book Review)

"Read what you enjoy, not what bores you," Nick Hornby tells us. That simple, liberating, and indispensable directive animates each installment of the celebrated critic and author's monthly column in the *Believer*. In this delightful and never-musty tour of his reading life, Hornby tells us not just what to read, but how to read. Whether tackling a dismayingly bulky biography of Dickens while his children destroy something in the next room, or getting sucked into a serious assessment of Celine Dion during an intensely fought soccer match featuring his beloved Arsenal, or devouring an entire series of children's books while on vacation, Hornby's reviews are rich, witty, and occasionally madcap. These essays capture the joy and ire, the despair and exhilaration of the book-lover's life, and will appeal equally to both monocle-wearing salonnières and people, like him, who spend a lot of time thinking about Miley Cyrus's next role.
