General Chemistry 6th edition (9780077354718) - Textbooks.com

The sixth edition of 'General Chemistry' continues the tradition of presenting only the material that is essential for a one-year general chemistry course. It strikes a balance between theory and application by incorporating real-world examples. Sample questions asked in the 6th edition of General Chemistry:

General Chemistry: The Essential Concepts 6th edition...

Although the sixth edition incorporates many impressive features, such as macro to micro artwork, animations correlated to the text, and hand-sketched worked examples, General Chemistry is still 200 to 300 pages shorter and much less expensive than other two-semester textbooks.

General Chemistry: The Essential Concepts, 6th Edition ...

PREFACE The sixth edition of General Chemistry: The Essential Concepts, continues the tradition of presenting only the material that is essential to a one-year general chemistry course. As with previous editions, it includes all the core topics that are necessary for a solid foundation in general chemistry without sacrificing depth, clarity, or rigor.

The exciting new Sixth Edition expands on the visualization pedagogy from coauthor Stacey Lowery Bretz and makes it even easier to implement in the classroom. Based on her chemistry education research on how students construct and interpret multiple representations, art in the book and media has been revised to be more pedagogically effective and to address student misconceptions.
