It's fall in the Sierra Mountains, and Anna Pigeon is slinging hash in Yosemite National Park's historic Ahwahnee Hotel. Four young people, all seasonal park employees, have disappeared, and two weeks of work by crack search-and-rescue teams have failed to turn up a single clue; investigators are unsure as to whether the four went AWOL for reasons of their own - or died in the park. Needing an out-of-park ranger to work undercover, Anna is detailed to dining room duty; but after a week of waiting tables, she knows the missing employees are only the first indication of a sickness threatening the park. Her twenty-something roommates give up their party-girl ways and panic; her new restaurant colleagues regard her with suspicion and fear. Yet when Anna's life is threatened and her temporary supervisor turns a deaf ear, she follows the scent of evil, taking a solo hike up a snowy trail to the high country, seeking answers. What awaits her is a nightmare of death and greed - and perhaps her final adventure.

Park ranger Anna Pigeon returns, in a mystery that unfolds in and around Lake Superior, in whose chilling depths sunken treasure comes with a deadly price. In her latest mystery, Nevada Barr sends Ranger Pigeon to a new post amid the cold, deserted, and isolated beauty of Isle Royale National Park, a remote island off the coast of Michigan known for fantastic deep-water dives of wrecked sailing vessels. Leaving behind memories of the Texas high desert and the environmental scam she helped uncover, Anna is adjusting to the cool damp of Lake Superior and the spirits and lore of the northern Midwest. But when a routine application for a diving permit reveals a grisly underwater murder, Anna finds herself 260 feet below the forbidding surface of the lake, searching for the connection between a drowned man and an age-old cargo ship. Written with a naturalist's feel for the wilderness and a keen understanding of characters who thrive in extreme conditions, *A Superior Death* is a passionate, atmospheric page-turner.

Recovering from a trauma, ranger Anna Pigeon goes to New Orleans to visit her friend, only to become the target of a dark curse, prompting her to investigate what it has to do with a fugitive mother accused of killing her family.

Anna finds herself in a new job - that of District Ranger in Rocky Mountain's National Park. Paul Davidson, her long-time love, is a thousand miles away. Dropped into the middle of a mystery that has had the park in a state of turmoil for six weeks, she at first thinks it's solved itself - until the voices start - voices without bodies ... until the small slayings turn into bigger, and even the most obtuse administrator must realize something is desperately wrong in the mountains.

Fleeing New York to find refuge as a ranger in the remote backcountry of West Texas, Anna Pigeon stumbles into a web of violence and murder when fellow park ranger Sheila Drury is mysteriously killed and another ranger vanishes. Reprint.

The ruins of Colorado's Mesa Verde National Park provide a place of solace for Anna Pigeon until their beauty is tainted by death.

Soon after Anna Pigeon joins the famed wolf study team of Isle Royale National Park in the middle of Lake Superior, the wolf packs begin to behave in peculiar ways. Giant wolf prints are found, and Anna spies the form of a great wolf from a surveillance plane. When a female member of the team is savaged, Anna is convinced they are being stalked, and what was once a beautiful, idyllic refuge becomes a place of unnatural occurrences and danger

beyond the ordinary...

A raging forest fire in California's Lassen Volcanic National Park traps exhausted firefighters, including Ranger Anna Pigeon, in its midst. Afterward, Anna finds two from her group have been killed. One a victim of the flames. The other, stabbed through the heart. Now, as a rampaging winter storm descends, cutting the survivors off from civilization, Anna must uncover the murderer in their midst.

Nevada Barr's ever-popular Anna Pigeon series is consistently praised as "exceptional" (Denver Post), "stunning" (Seattle Times), and "superb" (New York Times Book Review). In Deep South, Park Ranger Anna Pigeon heads to Mississippi, only to encounter terrible secrets in the heart of the south... Anna Pigeon finally gives in to her bureaucratic clock-and signs on for a promotion. Next thing she knows, she's knee-deep in mud and Mississippi. Not exactly what she had in mind. Almost immediately, as the new district ranger on the Natchez Trace, Anna discovers the body of a young prom queen near a country cemetery, a sheet around her head, a noose around her neck. It's a bizarre twist on a best-forgotten past of frightening racial undertones. As fast as the ever-encroaching kudzu vines of the region, the roots of this story run deep-and threaten to suffocate anyone in the way, including Anna...
