The international market for antique Chinese furniture is booming, and masterpieces from the Ming and Qing dynasties are now worth hundreds of thousands of dollars. Chinese Furniture is a survey of these collectibles—from the very best hardwood pieces featured to standard softwood specimens still available on the Asian market. This antique furniture book presents an overview of carving styles, wood types, regional variations, class distinctions and restoration techniques. It includes detailed chapters on various types of wooden furniture cover chairs, stools and benches, tables and desks, beds, cabinets and bookshelves, doors and screens and household accessories. With this renewed interest in antique furniture, a forgery market has emerged. Thousands of factories in southern China are churning out brand new or refurbished furniture and passing them off as Chinese antiques. Chinese Furniture unearths these forgeries and serves as an indispensable reference guide for collectors of antique wood furniture.

Chinese Furniture unearths these forgeries and serves as an indispensable reference guide to collectors of antique wood furniture.

Rijk geïllustreerde beschrijving over dit meubilair, een combinatie van Chinese en Engelse 19e eeuwse stijl.

Reprint of rare volume offers detailed review of hardwood furniture from early Shang to late Ming. For collector, craftsman. 161 illustrations.

\*Produced in conjunction with the symposium Classical Chinese furniture and the built environment, The Minneapolis Institute of Arts, Minneapolis, Minnesota June 10-12, 1999\*--T.p. verso.

A new kind of antique Chinese furniture swept onto the market in the early 1990s. It appealed to people who were sure they did not like Chinese furniture, people who were ready for new ideas about Orientalia, and people who couldn't afford the five- and six-figure prices routinely attached to classical Chinese pieces. It struck a surprisingly sympathetic chord with Western tastes, and the prices are still surprisingly low. It comes from the last days of the emperors, and expresses a sense of creative freedom, vigor, and visual elegance. Here are cabinets, tables, chairs, and accessories in various woods and finishes to enhance each room of your home. This third edition offers a comprehensive and compelling look at Chinese country furniture from the consumer's point of view. 380 color images, some in room settings, others with great detail, bring the beautiful designs to life. A guide to pricing makes this a useful tool for collectors and dealers alike. Because of a changing political and economic landscape in China, this late-Ching furniture has flooded Western markets, giving retail customers equal footing with collectors and keeping prices reasonable, for now. Because the quality covers a wide range, it takes an informed buyer to navigate between the real and the not-quite-so-real. The information in this beautiful book will give readers the bearings they need to make the right decisions.
