In 2004, the Academy Award–nominated movie *Hotel Rwanda* lionized hotel manager Paul Rusesabagina for single-handedly saving the lives of all who sought refuge in the Hotel des Milles Collines during Rwanda's genocide against the Tutsi in 1994. Because of the film, the real-life Rusesabagina has been compared to Oskar Schindler, but unbeknownst to the public, the hotel's refugees don't endorse Rusesabagina's version of the events. In the wake of *Hotel Rwanda*'s international success, Rusesabagina is one of the most well-known Rwandans and now the smiling face of the very Hutu Power groups who drove the genocide. He is accused by the Rwandan prosecutor general of being a genocide negationist and funding the terrorist group Democratic Forces for the Liberation of Rwanda (FDLR). In *Inside the Hotel Rwanda*, survivor Edouard Kayihura tells his own personal story of what life was really like during those harrowing 100 days within the walls of that infamous hotel and offers the testimonies of others who survived there, from Hutu and Tutsi to UN peacekeepers. Kayihura tells of his life in a divided society and his journey to the place he believed would be safe from slaughter. Inside the *Hotel Rwanda* exposes Paul Rusesabagina as a profiteering, politically ambitious Hutu Power sympathizer who extorted money from those who sought refuge, threatening to send those who did not pay to the genocidaires, despite pleas from the hotel's corporate ownership to stop. Inside the *Hotel Rwanda* is at once a memoir, a critical deconstruction of a heralded Hollywood movie alleged to be factual, and a political analysis aimed at exposing a falsely created hero using his fame to be a political force, spouting the same ethnic apartheid that caused the genocide two decades ago.

The Emerging Church movement developed in the mid-1990s among primarily white, urban, middle-class pastors and laity who were disenchanted with America ' s conservative Evangelical sub-culture. It is a response to the increasing divide between conservative Evangelicals and concerned critics who strongly oppose what they consider overly slick, corporate, and consumerist versions of faith. A core feature of their response is a challenge to traditional congregational models, often focusing on new church plants and creating networks of related house churches. Drawing on three years of ethnographic fieldwork, James S. Bielo explores the impact of the Emerging Church movement on American Evangelicals. He combines ethnographic analysis with discussions of the movement ' s history, discursive contours, defining practices, cultural logics, and contentious interactions with conservative Evangelical critics to rethink the boundaries of " Evangelical " as a category. Ultimately, Bielo makes a novel contribution to our understanding of the important changes at work among American Protestants, and illuminates how Emerging Evangelicals interact with the cultural conditions of modernity, late modernity, and visions of " postmodern " Christianity.

The remarkable autobiography of Paul Rusesabagina, the globally-recognized human rights champion whose heroism inspired the film *Hotel Rwanda* " Fascinating...your book is called *An Ordinary Man*, yet you took on an extraordinary feat with courage, determination, and diplomacy. " --Oprah, O, *The Oprah Magazine* As Rwanda was thrown into chaos during the 1994 genocide, Rusesabagina, a hotel manager, turned the luxurious Hotel Milles Collines into a refuge for more than 1,200 Tutsi and moderate Hutu refugees, while fending off their would-be killers with a combination of diplomacy and deception. In *An Ordinary Man*, he tells the story of his childhood, retraces his accidental path to heroism, revisits the 100 days in which he was the only thing standing between his " guests " and a hideous death, and recounts his subsequent life as a refugee and activist.
