Hi. I see you're reading the back of my book. This tells me that you either: A) are hoping to find a brief summary of what to expect from a how-to book by Sterling Archer, the world's greatest secret agent, or B) don't know how books work. If your answer was "A," your best bet is probably the table of contents, which is where you'll find the "contents" of this book listed in a convenient, easy-to-read "table" format. So maybe go check that out for a minute and then come back here. I'll wait. . . . Pretty cool, right? What other book will teach you how to dress properly and how to drive an elephant? How to field strip an AK-47 and how to haggle with a Thai prostitute—in her native tongue? How to pilot an airboat and how to make about a million delicious cocktails, including a Molotov one? How to kill a guy and how to prepare a fabulous brunch? Plus how to do tons of other stuff that I forgot, but that is nonetheless probably in this book (which, to be honest, I really only kinda skimmed). So if you want to learn more about how to be more—or at all—like Sterling Archer, the world's greatest secret agent, quit smearing your greasy fingerprints all over this book and buy it. For one thing, I really need the royalties. For another thing, the last time I checked, this wasn't a damn library. (Note: If your answer was "B," this probably isn't the book you

want to start with.)

Lying is like 95% of what I do. But believe me: in this book, I'll let you know exactly how to become a master spy just like me. Obviously, you won't be as good at it as I am, but that's because you're you, and I'm Sterling Archer. I know, I know, it sucks not being me. But don't beat yourself up about it, because I'm going to show you all the good stuff—what to wear; what to drink; how to seduce women (and, when necessary, men); how to beat up men (and, when necessary, women); how to tell the difference between call girls and hookers (hint: when they're dead, they're just hookers) and everything about weapons, secret devices, lying ex-girlfriends, and turtlenecks. In a word? How to Archer.

If a strange, beautiful woman offered to take you away from your dead-end life to a wonderful new world, would you go? What if, in this strange new world, your greatest talent was the key to restoring magic and saving a kingdom? Still on board? How about if you would win the hearts of a beautiful elven princess, a noble warrior woman, and a cunning fox-elf? All sounds good, right? But what if there was an army of beasts and twisted elves standing in your way, trying to kill you and your friends? And how about the maniacal mastermind that stole the magic away in the first place? Think you could handle him? Well, you could... if you were an Ultimate Mage. Ready to get started?

Heads You Win is international #1 bestseller Jeffrey Archer's most ambitious and creative work since Kane and Abel, with a final twist that will shock even his most ardent of fans. Leningrad, Russia, 1968: From an early age it is clear that Alexander Karpenko is destined to lead his countrymen. But when his father is assassinated by the KGB for defying the state, Alexander and his mother will have to escape Russia if they hope to survive. At the docks, they have an irreversible choice: board a container ship bound for America or one bound for Great Britain. Alexander leaves the choice to a toss of a coin... In a single moment, a double twist decides Alexander's future. During an epic tale, spanning two continents and thirty years, we follow Alexander through triumph and defeat as he sets out on parallel lives as Alex in New York and Sasha in London. As this unique story unfolds, both come to realize that to find their destiny they must face the past they left behind as Alexander in Russia.

A brilliant but socially inept robotics engineer builds her own wedding date--and learns more about love than she ever expected--in this hilarious and heartwarming debut novel. "Prepare to fall in love!" --Aimee Agresti, author of Campaign Widows When she couldn't find Mr. Right, she built him. Dating is hard. Being dateless at your perfect sister's wedding is harder. Meet Kelly. Twenty-nine, go-getter, a brilliant robotics engineer, and perpetually single. So when her younger sister's wedding looms and her attempts to find a date become increasingly cringeworthy, Kelly does the only logical thing: she builds her own boyfriend. Ethan is perfect: gorgeous, attentive, and smart--all topped off by a mechanical heart endlessly devoted to her. Not to mention he's good with her mother. When she's with him, Kelly discovers a more confident, spontaneous version of herself--the person she'd always dreamed she could be. But as the struggle to keep Ethan's identity secret threatens to detonate her career, Kelly knows she has to kiss her perfect man good-bye. There's just one problem: she's falling for him.

Miss Katherine Spicer started her first day at Coldfield Comprehensive School, confident, enthusiastic and very well qualified; that was until she met the eyes of the student hidden in the corner of her classroom. Kat's final weekend of freedom was about to turn her life upside down and threaten everything she had been working for. How was she to know those mesmerising green eyes would reappear here? Great lesbian chick lit. A cross between Notes on a Scandal by Zoe Heller and Sugar Rush by Julie Burchill. The novel deals with the many issues of sexuality in a gripping, yet funny manner, pulling the reader back into a world of teenage nostalgia and school day memories.

Newbery Medalist Richard Peck tells a story of small-town life, gay marriage, and everyday heroes in this novel for fans of Gary Schmidt and Jack Gantos. Archer Magill has spent a lively five years of grade school with one eye out in search of grown-up role models. Three of the best are his grandpa, the great architect; his dad, the great vintage car customizer; and his uncle Paul, who is just plain great. These are the three he wants to be. Along the way he finds a fourth—Mr. McLeod, a teacher. In fact, the first male teacher in the history of the school. But now here comes middle school and puberty. Change. Archer wonders how much change has to happen before his voice does. He doesn't see too far ahead, so every day or so a startling revelation breaks over him. Then a really big one when he's the best man at the wedding of two of his role models. But that gets ahead of the story. In pages that ripple with laughter, there's a teardrop here and there. And more than a few insights about the bewildering world of adults, made by a boy on his way to being the best man he can be.

The trouble started when Howard Sykes came home from school and found the "goon" sitting in the kitchen. He said he'd been sent by Archer. But who was Archer? It had to do with the 2,000 words that Howard's author father had failed to deliver. It soon became clear not only that Archer wanted those words, but that his wizard siblings, Hathaway, Dillian, Shine, Torquil, Erskine, and Venturus, would also go to any lengths to get them. Although each wizard ruled a section of the town, he or she was a prisoner in it. Each suspected that one of them held the secret behind the words, and that secret was the key to their freedom. Which one of them was it? The Sykes family become pawns in the wizards' fight to win their freedom, wrest control from one another, and fan out to rule the world. Diana Wynne Jones skillfully guides the reader through a riveting, twisty plot, with satisfying surprises at every amazing turn. An exciting science fiction adventure where, happily, nothing is what it first seems to be.
