~~Dark Embrace Blurb A DARK LEGACY where only the strong survive and those who are Goddess touched can complete the warriors who fight to protect the world from the creatures that go bump in the night. DARK EMBRACE Jennaveve, the Fey chosen by the Goddess to be the queen of her people for the past few millennium, is tired and wishes for a break, but hadn't counted on being reduced to almost mortal thanks to a dark stranger. They say you should be careful what you wish for. The last time she'd taken a break, her Fey had left their realm, resulting in shifters on Earth known as the Mystic and Iron Wolves and even more she was still searching for. Damien and Lucas Cordell knew they'd share a Hearts Love when the time came. As the twin sons of the Vampire King who'd mated a shifter, they were the first of their kind. When they'd thought their mate was finally within their reach and was a shifter like their mother only to realize she wasn't theirs, they'd almost lost their lives to the alpha of the Iron Wolves, Kellen Styles. Instead, the error led them to the being that was...the Fey Queen Jennaveve. Only she was even more elusive than the wind. Time and patience was something Damien and Lucas had in spades, until the female they'd already laid claim to, even if she hadn't accepted them yet, was taken by an enemy. Saving Jenna became their one and only focus. As time and realms slip between them, their fear for her had them forgetting about patience and made claiming Jenna as their Hearts Love, hoping she accepted their Dark Embrace. ~~For a hidden shifter, falling in love with a man may be the death of them both. Simon Conley knows about being an outcast. Born into a secret werewolf pack, he's the lone gay wolf, an outsider even among his packmates. The top wolves consider him a perversion, a failure, and a security risk. To survive in the human world, werewolves rely on absolute secrecy, and any breaches of their code are dealt with swiftly-- and violently. So when Simon falls in love with Paul, a human man, even his Alpha's grudging tolerance won't protect him. He must keep Paul from discovering the truth about him and the secrets the pack jealously guards, or it's not just their love that'll end up dead. (A rerelease of the 2012 novel with light editing and the 1.15 short story included)~~

~~The Iron Dream is a metafictional 1972 alternate history novel by Norman Spinrad. The book has a nested narrative that tells a story within a story. On the surface, the novel presents an unexceptional science fiction action tale entitled Lord of the Swastika. This is a pro-fascist narrative written by an alternate history version of Adolf Hitler, who in this timeline emigrated from Germany to America and used his modest artistic skills to become first a pulp-SF illustrator and later a science fiction writer in the L. Ron Hubbard mold (telling lurid, purple-prosed adventure stories under a thin SF-vener). Spinrad seems intent on demonstrating just how close Joseph Campbell's Hero with a Thousand Faces-and much science fiction and fantasy literature- an be to the racist fantasies of Nazi Germany. The nested narrative is followed by a faux scholarly analysis by a fictional literary critic, Homer Whipple, of New York University.~~
