minded teenager is entrusted to carry a vital message to a distant world.

Phallos is a 2004 novel by the acclaimed novelist and critic Samuel R. Delany. Taking the form of a gay pornographic novella, with the explicit sex omitted, Phallos is set during the reign of the second-century Roman emperor Hadrian, and circles around the historical account of the murder of the emperor's favorite, Antinous. The story moves from Syracuse to Egypt, from the Pillars of Hercules to Rome, from Athens to Byzantium, and back. Young Neoptolomus searches after the stolen phallus of the nameless god of Hermopolis, crafted of gold and encrusted with jewels, within which are

reputedly the ancient secrets of science and society that will lead to power, knowledge, and wealth. Vivid and clever, the original novella has been expanded by nearly a third. Appended to the text are an afterword by Robert F. Reid-Pharr and three astute speculative essays by Steven Shaviro, Kenneth R. James, and Darieck Scott.

'Delany's works have become essential to the history of science fiction' New Yorker Samuel Delany is one of the most radical and influential science fiction writers of our age, who reinvented the genre with his fearless explorations of race, class and gender. Driftglass is the definitive volume of his stories, featuring neutered space travellers, telepathy, Hells Angels and genetically modified amphibious workers. 'Delany's books interweave science fiction

with histories of race, sexuality and control. In so doing, he gives readers fiction that reflects and explores the social truths of our world' The New York Times

Delany's classic work of science fiction chronicles the intergalactic adventures of Mouse, an itinerant minstrel, and intrepid spaceship Captain Lorq Von Ray, as they set out to journey through the core of a recently imploded sun. Reprint. 12,500 first printing.

This Stonewall Book Award-winning novel traces the life and unrealized dreams of a gay African American poet. A meditation on isolation and sexual repression, it also explores the frustrations intrinsic to artistic life.

A, B, C: Three Short Novels contains the first three novels of

## Get Free L 17 Empire Star Samuel R Delany

Samuel R. Delany's long and illustrious career. The Jewels of Aptor is a science-fantasy story about a seafaring quest that sets out to find powerful magic jewels on a mystical, forbidden island where unimaginable danger lies. The Ballad of Beta-2 is about a future academic searching for the true story behind an interstellar voyage, a journey over multiple generations that ended in tragedy. They Fly at Çiron is a fantasy about the clash between a marauding army and a peaceful village at the foot of a mountain from which a race of winged people oversees both sides. Presenting these three novels in this omnibus volume for the first time, along with a new foreword and afterword by the author, A, B, C showcases Delany's masterful storytelling ability and deep devotion to his craft.

¶I will follow you to hell. You will never control any treasure and

your army is dead where they stand. I promise you I will reach down from the heavens and take each of their lives. Imagine for a moment you are skiing downhill racing ahead of an avalanche, your chest is pounding, pulse racing. That is what you will experience reading this story as the momentum builds, and your heart beats faster and faster. You will be absorbed into the lives of the characters, becoming a part of the action even after the ending. There are struggles between honor and greed, right and wrong, battlefields are soaked crimson over them. It makes you think and question 'What if?' due to the possibilities and theories contained within. It is purely fictional though based on a trilogy of poems I wrote. While hiking in Europe, Christian finds a unique rock formation resembling a rose hidden in shadows. While camping in the shadows, Christian hears the voice of a ghost telling a

## Get Free L 17 Empire Star Samuel R Delany

magnificent tale of times long past. The voice of Sir Rowan Baldin of the Knights Templar, born out of the aftermath of the Templar purge in France 600 years prior. Rowan's lineage managed to escape the purge to what is now known as Switzerland. There they helped shape a country while protecting their Templar roots in absolute secrecy. Rowan uses dreams and leads Christian on a fast paced adventure throughout Europe. Christian stumbles onto a number of remarkable discoveries, and is knighted by the modern day Templars he uncovers on his quest. Christian finds who he was meant to be. The Templars, these once 'warrior monks' are brought out of the shadows, and their reputation redeemed as their real story is told. This book is not suitable for children due to graphic nature of violence and adult situations. This is my first novel.
