~~Out of the seven Apollo expeditions to land on the moon, six of the efforts succeeded outstandingly and one failed. Lost Moon is the story of the failure and the incredible heroism of the three astronauts who brought their crippled vehicle back to earth. This account--written by Jim Lovell, commander of the mission, and his talented coauthor, Jeffrey Kluger--captures the high drama of that unique event and is told in the vernacular of the men in the sky and on the ground who masterminded ...~~
