The modernization theory is polarized in its reception. Critics argue that the theory and model do not take into account the differences between capitalistic vs. communistic societies. Modernization theorists only see western economies as completely modern and deem other economies to be unevolved or primitive.

Modernization Theory: Definition, Significance and Criticism

Modernization theory is subject to criticism originating among socialist and free-market ideologies, world-systems theorists, globalization theorists and dependency theorists among others. Modernization theory stresses not only the process of change but also the responses to that change.

Modernization, Modernization Theory and Its Criticism ...

major assumptions of the modernization theory of development basically are: Modernization is a phased process; Modernization is a homogenizing process, in this sense, we can say that modernization produces tendencies toward convergence among societies, for example, as time goes on, they and we will increasingly resemble one another because the patterns of modernization are such that the more highly modernized societies become, the more they resemble one another.

Criticism Of Modernization Theory - 779 Words | Bartleby

Modernisation theory does not paint a very precise picture of what should be happening, and more particularly, how it should be occurring. As a motivational aid, this theory is an excellent boost to the drive of a developing society, but it is not the solution. What is remains to be seen. Home >> Theory >> Social Development

Modernization theory stresses the functional necessity of efficient bureaucracy for welfare state development because, without it, effective taxation and administration of complex distributional programs is simply impossible. Bureaucracy, once erected, may also come to play an active role in decision-making and thus determine policy evolution.

Modernization Theory - an overview | ScienceDirect Topics

Criticism of the Take-off: The most widely discussed, and controversial stage is the take-off. In the words of Prof. A.K. Cairncross, "The stage has struck the public mind most forcibly is undoubtedly that of the take-off. No doubt, because the aeronautical metaphor-prolonged in the phrase into self-sustained growth" suggests at once an effortlessness and a finality congenial to modern ...
