Mechanics work in a variety of automotive service settings including car dealers, tire stores, oil change operations, gas stations, and full-service repair shops. Some mechanics operate their own business and take on management functions such as setting prices, advertising, training, and supervising staff.

## **Automotive Mechanic Job Description: Salary, Skills, & More**

Basic vehicle maintenance is a fundamental part of a mechanic's work in modern industrialized countries while in others they are only consulted when a vehicle is already showing signs of malfunction.

Preventive maintenance is also a fundamental part of a mechanic's job, but this is not possible in the case of vehicles that are not regularly maintained by a mechanic. One misunderstood aspect of preventive maintenance is scheduled replacement of various parts, which occurs before failure to avoid
