Noughts And Crosses. The beauty of this puzzle from Japan is that the puzzle can be visualised from the name alone. The rules are simple. The only downside is that it can be hard to pitch the puzzle at an enjoyable level. The simplest puzzles are a matter of routine, whereas hard puzzles can require the solver to think many steps ahead. At a medium level of difficulty, with a limited amount of forward thinking, the puzzle is enjoyable.

□ Noughts & Crosses is set in a world where one group of people are treated as second-class citizens because of the colour of their skin – an apartheid society. Although this has clear parallels with the history of our own world, Malorie Blackman has reversed the more familiar historical situation so that the people discriminated against are those with white skin – noughts.

Noughts & Crosses is a series of young adult novels by British author Malorie Blackman, including five novels and three novellas. The series is speculative fiction describing an alternative history in which native African people had colonised the European people, rather than the other way around, with Africans having made Europeans their slaves. The series takes place in an alternative 21st-century Britain. At the time of the series, slavery had been abolished for some time, but segregation, sim
