## 20 Fast Facts About Hinduism - Sivana East

Hinduism or Sanatana Dharma ("eternal spiritual path") began about 4000 years ago in India. It was the religion of an ancient people known as the Aryans ("noble people") whose philosophy, religion, and customs are recorded in their sacred texts known as the Vedas. These texts were initially handed down by word of mouth from teacher to student.

*On Hinduism* is a penetrating analysis of many of the most crucial and contested issues in Hinduism, from the Vedas to the present day. In a series of 63 connected essays, it discusses Hindu concepts of polytheism, death, gender, art, contemporary puritanism, non-violence, and much more.

An engrossing and definitive narrative account of history and myth that offers a new way of understanding one of the world's oldest major religions, *The Hindus* elucidates the relationship between recorded history and imaginary worlds. Hinduism does not lend itself easily to a strictly chronological account: many of its central texts cannot be reliably dated even within a century; its central tenets karma, dharma, to name just two arise at particular moments in Indian history and differ in each era, between genders, and caste to caste; and what is shared among Hindus is overwhelmingly outnumbered by the things that are unique to one group or another. Yet the greatness of Hinduism - its vitality, its earthiness, its vividness - lies precisely in many of those idiosyncratic qualities that continue to inspire debate today. Wendy Doniger is one of the foremost scholars of Hinduism in the world. With her inimitable insight and expertise Doniger illuminates those moments within the tradition that resist forces that would standardize or establish a canon. Without reversing or misrepresenting the historical hierarchies, she reveals how Sanskrit and vernacular sources are rich in knowledge of and compassion toward women and lower castes; how they debate tensions surrounding religion, violence, and tolerance; and how animals are the key to

## Read Book On Hinduism

important shifts in attitudes toward different social classes. The Hindu brings a fascinating multiplicity of actors and stories to the stage to show how brilliant and creative thinkers - many of them far removed from Brahmin authors of Sanskrit texts - have kept Hinduism alive in ways that other scholars have not fully explored. In this unique and authoritative account, debates about Hindu traditions become platforms from which to consider the ironies, and overlooked epiphanies, of history.

Hinduism—the world's oldest major religion—is a mixture of faiths that have evolved from the inhabitants of the Indian subcontinent. While recognizing the immense complexity of the subject matter, the author has striven for clarity in her explanations. The author skillfully weaves together many sources to help readers understand the depth and importance of Hinduism. On Hinduism is both an historical and a philosophical account, grounded by the deep reflections of an important mind.

Religion is the opium of the people, said Karl Marx many centuries ago. For more than a billion people living in India and abroad, Hinduism is the religion and a way of life. In this multi-award winning book, Swami Achuthananda cracks open the opium poppy pods, analyzes the causes for euphoria, and comes away with a deeper understanding of the people and their religion. \*\*\* Winner 2014 Next Generation Indie Book Awards (Religious Non-fiction) \*\*\* This is a comprehensive book on Hinduism. It tells you why Hindus do the things they do - and don't. Written in a casual style, the book guides you through the fundamentals of the religion. It then goes further and debunks a number of long-standing myths, some of them coming from the academia (of all places). While most books shy away from contentious issues, this book plunges headlong by taking on controversies, like the Aryan Invasion Theory, idol worship, RISA scholarship and many more. In fact one-third of the book is just on controversies that you rarely find in any other literature. Other Awards: \*\*\* Finalist - 2014 Pacific Book Awards (Religion) \*\*\* \*\*\* Bronze - 2014 IPPY Award - (Religion) \*\*\*

A bold retelling of the origins of contemporary Hinduism, and an argument against the long-established notion of religious reform. By the early eighteenth century, the Mughal Empire was in decline, and the East India Company was making inroads into the subcontinent. A century later Christian missionaries, Hindu teachers, Muslim saints, and Sikh rebels formed the colorful religious fabric of colonial India. Focusing on two early nineteenth-century Hindu communities, the Brahmo Samaj and the Swaminarayan Sampraday, and their charismatic figureheads—the “ cosmopolitan ” Rammohun Roy and the “ parochial ” Swami Narayan—Brian Hatcher explores how urban and rural people thought about faith, ritual, and

## Read Book On Hinduism

gods. Along the way he sketches a radical new view of the origins of contemporary Hinduism and overturns the idea of religious reform. *Hinduism Before Reform* challenges the rigid structure of revelation-schism-reform-sect prevalent in much history of religion. Reform, in particular, plays an important role in how we think about influential Hindu movements and religious history at large. Through the lens of reform, one doctrine is inevitably backward-looking while another represents modernity. From this comparison flows a host of simplistic conclusions. Instead of presuming a clear dichotomy between backward and modern, Hatcher is interested in how religious authority is acquired and projected. *Hinduism Before Reform* asks how religious history would look if we eschewed the obfuscating binary of progress and tradition. There is another way to conceptualize the origins and significance of these two Hindu movements, one that does not trap them within the teleology of a predetermined modernity.

*Hinduism: A Contemporary Philosophical Investigation* explores Hinduism and the distinction between the secular and religious on a global scale. According to Ranganathan, a careful philosophical study of Hinduism reveals it as the microcosm of philosophical disagreements with Indian resources, across a variety of topics, including: ethics, logic, the philosophy of thought, epistemology, moral standing, metaphysics, and politics. This analysis offers an original and fresh diagnosis of studying Hinduism, colonialism, and a global rise of hyper-nationalism, as well as the frequent acrimony between scholars and practitioners of Hindu traditions. This text is appropriate for use in undergraduate and graduate courses on Hinduism, and Indian philosophy, and can be used as an advanced introduction to the problems of philosophy with South Asian resources.

Yoga. Karma. Reincarnation. Most Americans are familiar with a few basic ideas of Hinduism, but are unfamiliar with the big picture. This beginner's guide covers the major Hindu thinkers and their philosophies as well as the dharma, the moral way of life that Hindus practice. In a straightforward style, the authors explain the philosophy, gods, texts, and traditions of the world's third-largest religion, including: the power of karma; Yoga as a path to God; the authority of the Vedas; the development of Jainism, Buddhism, and Sikhism; the legacy of Mohandas Gandhi; Hinduism in popular culture; and more. This guide is stimulating reading for westerners who want to learn the basics of this ancient and mystic religion.
