Framework Personalization Guide. This guide assumes you have a working knowledge of the following: The principles and customary practices of your business area. Computer desktop application usage and terminology. This documentation assumes familiarity with the Oracle E-Business Suite.

Oracle Application Framework Personalization Guide

OA Personalization Framework uses custom style sheets (.xss files) to specify and manage the visual styles of the Look-and-Feel of applications built with OA Framework. One of the goals of custom style sheets is to allow presentation styles, such as fonts and colors, to be separated from the HTML content to which the styles are applied.
