Panorama, 4th Edition is an introductory Spanish program offering 15 contemporary, thematic lessons to introduce students to an extensive view of the Spanish-speaking world. Its fresh, student-friendly approach, effective integration of video, and powerful online tools lead students to effective personalized communication.

Welcome to the second edition of Avanti! In the new edition out priorities remain the same as those of the first edition, to provide an introductory language course that meets the needs of both instructors and learners. Three significant characteristics set Avanti! apart from other first-year Italian texts: First, Avanti! satisfies students' desire to communicate in everyday situations right from the start and to explore Italy's rich and unique culture in meaningful ways. Second, Avanti! responds to instructors' concern that most textbooks attempt to cover too much material in the first year. We have designed an elementary course that reflects reasonable expectations for the amount of material that most beginning learners can acquire in one year of classroom instruction. Third, the methodology of Avanti! is firmly grounded in current findings of research in second language acquisition and foreign language pedagogy. The materials provide support for instructors, particularly those with limited experience, whose goals are to teach mainly, if not exclusively, in Italian, and to create the student-centered, communicative classroom environment that is promoted by this research. The title Avanti! was chosen to convey the forward-thinking approach of this exciting new program.

REALIDADES is a standards-based Spanish curriculum that balances grammar and communication. The program offers technology designed to integrate language and culture to teach and motivate all students.

PLAZAS: LUGAR DE ENCuentROS, 5th Edition, is a two- or three-semester introductory Spanish program designed to support and enhance your students' language learning experience. PLAZAS transports your students to a Spanish-speaking country or region for an authentic and personalized cultural language-learning experience. Culture is embedded into every page of PLAZAS, giving your students an appreciation of different cultural practices and perspectives. Thanks to an exclusive partnership with the National Geographic Society, the fifth edition facilitates multi-modal interactions with cultural information in new and revised sections. The program's pedagogy continues to be firmly rooted in the research of the National Standards for Foreign Language Learning, or the Five Cs--Communication, Cultures, Connections, Comparisons, and Communities. The new A explorar! section draws upon all five standards in an engaging manner while previewing the content of the lesson.
