Any book called "Pitman Shorterhand" will contain Pitman 2000, as this was the name that it started out with in 1971. The version called "Shorterhand" is very slightly different (regarding thick and thin vowel signs) from the subsequent Pitman 2000 editions that followed, so it would seem better to study the

Full text of "Isaac Pitman's shorthand instructor a complete exposition of Isaac Pitman's system of phonography / by Isaac Pitman" See other formats ...

This is a pocket-sized guide to the shorthand outlines for approximately 20,000 of the most commonly used words in the English language. Short forms and contradictions are indicated by italics.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Pitman 2000 shorthand is a modified version of the Pitman New-Era shorthand. The modification was introduced to reduce the amount of theory to be learnt. The 25 units of graded material in this book, to be used alongside the First Course, are designed primarily to increase reading speed. The revisionary drills of short forms and phrases, presented in continuous material with a longhand key, counted in tens, are intended for early speed development practice.
