V3m. V3m is a CDMA version of the Razr. As an upgrade to the V3c, it features a microSD card slot for up to 2 GB of memory expansion, a longer-lasting battery, and 40 MB of internal memory. The V3m came in silver, pink, and red although the original release, as well as models that used to be available on the Sprint CDMA network, featured the gunmetal gray color of the V3c.

This book maps points of common understanding and cooperation in the interpretation of landscapes. These interfaces appear between cultures, between natural and human sciences, lay people and experts, time and space, preservation and use, ecology and semiosis. The book compares how different cultures interpret landscapes, examines how cultural values are assessed, explores new tools for assessment, traces the discussion about landscape authenticity, and finally draws perspectives for further research.
