woman is forced to decide between romance and tradition. Every young Indian leaving the homeland for the United States is given the following orders by their parents: Don't eat any cow (It's still sacred!), don't go out too much, save (and save, and save) your money, and most important, do

not marry a foreigner. Priya Rao left India when she was twenty to study in the U.S., and she's never been back. Now, seven years later, she's out of excuses. She has to return and give her family the news: She's engaged to Nick Collins, a kind, loving American man. It's going to break their hearts.

Returning to India is an overwhelming experience for Priya. When she was growing up, summer was all about mangoes—ripe, sweet mangoes, bursting with juices that dripped down your chin, hands, and neck. But after years away, she sweats as if she's never been through an Indian summer

But Priya's relatives remain the same. Her mother and father insist that it's time they arranged her marriage to a "nice

Just as Priya begins to feel she can't possibly tell her family that she's engaged to an American, a secret is revealed that leaves her stunned and off-balance. Now she is forced to choose between the love of her family
