A thrilling debut based based on the real case of Sarah Gale, a seamstress and mother sentenced to hang for her alleged role in a shocking murder, bringing together the accused with an idealistic young lawyer assigned to investigate whether she is a guilty murderer or an unfortunate victim. Something is keeping Sarah Gale silent despite the risk of a death sentence. Is it guilt? Fear? Love? Sentenced to hang for her alleged role in a shocking murder, Sarah confronts the young lawyer asked to examine her guilty verdict. She says she is innocent, but she refuses to explain the evidence given in court - the evidence that convicted her. Battling his own demons, Edmund Fleetwood is determined to find the truth - and to uncover why Sarah won't talk. Darkness hides in Sarah's past, Edmund is certain, but surviving on the streets of London often means that one has to make difficult choices. Does it matter what else she's done, if she's innocent of murder? As the day of execution draws closer, Edmund struggles to discover whether she is the victim of a terrible miscarriage of justice, or a dangerous and devious criminal. Bringing 1837 London alive in the most visceral way, The Unseeing is a tense novel of human frailty and fear - and of the terrible consequences of jealousy and misunderstanding.

For centuries their children have been taken from them by something unspeakable and the residents of James Village have remained strangely apathetic. Now there are several new residents in town and the little ones are beginning to come back

Now, estranged from her husband, she has moved to the country to take over their thriving auction business. The moment she begins to prepare for her first sale she knows she's made the right decision. And she dares to hope that at last she is living the life she has always dreamed of. But then, quite suddenly, her world is thrown into turmoil. She discovers a shocking truth, one that forces her to question everything she has ever known. And it becomes frighteningly possible that the very people who should have protected her are the ones who have betrayed her in the most devastating of ways. Can she ever forgive them? Can they ever forgive themselves...?

In 1743, sitting quietly with pen in hand, Sarah Osborn pondered how to tell the story of her life, how to make sense of both her spiritual awakening and the sudden destitution of her family. Remarkably, the memoir she created that year survives today, as do more than two thousand additional pages she composed over the following three decades. Sarah Osborn's World is the first book to mine this remarkable woman's prolific personal and spiritual record. Catherine Brekus recovers the largely forgotten story of Sarah Osborn's life as one of the most charismatic female religious leaders of her time, while also connecting her captivating story to the rising evangelical movement in eighteenth-century America. A schoolteacher in Rhode Island, a wife, and a mother, Sarah Osborn led a remarkable revival in the 1760s that brought hundreds of people, including many slaves, to her house each week. Her extensive written record-encompassing issues ranging from the desire to be "born again" to a suspicion of capitalism-provides a unique vantage point from which to view the emergence of evangelicalism. Brekus sets Sarah Osborn's experience in the context of her revivalist era and expands our understanding of the birth of the evangelical movement--a movement that transformed Protestantism in the decades before the American Revolution.
