Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school

is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and

exam skills trainer sections and extra speaking practice help consolidate what students have covered in the lessons. Student Book: Exam skills trainer sections prepare students for typical school-leaving/Cambridge tasks, and provide them with the language, strategies, and exam skills they need to achieve success. Student Book: Culture Bank includes 9 ready-to-use culture lessons linked to the topic and language of the main units, providing extra reading and listening practice. Online Practice: A particular focus on more in-depth practice of grammar, vocabulary, reading, writing, listening, and speaking skills. Online Practice: Media-rich content (vox pops, vlogs,

English language learners: how the day-to-day dynamics of the classroom are affected by high-stakes testing and the pressures students and teachers experience and internalize as a result. The author presents and analyzes classroom observations, student work, and test scores, as well as interviews with students and teachers. A disturbing picture of today's overtested public school classroom emerges from the events and practices described in this book. While hard to believe, all the depictions presented took place in a real elementary school classroom and reflect the current culture of extreme accountability. Overtested not only describes the flaws in our current accountability system, but it also provides real-

world solutions that can have an immediate and positive effect at the classroom, state, and national level. Chapters address key debates such as how to measure proficiency, the validity of various language assessment tools, the overuse of assessment, and the risks and benefits of teaching language arts to English language learners via mandated, structured curricula. Jessica Zacher Pandya is an Associate Professor in the Departments of Teacher Education and Liberal Studies at California State University, Long Beach.
