Something fresh and new from the king of M/M romance, Andrew Grey. Mystery, intrigue and suspense overflow in Stranded. Kendall Monroe is an accomplished stage actor taking on his first movie role. The director is not his biggest fan and makes him painfully aware of this from the start.

### **Stranded - Andrew Grey**

Stranded is a little bit of a deviation for Andrew Grey but he pulled it off expertly. Stranded is a mystery/suspense story where the romance is totally messed up but long standing (as if you can't tell from the excerpt above, lol). But OHhhh I loved the story.

With the follow up to Stranded, Andrew Grey has again written another enjoyable story full of mystery and suspense. Although Kendall and Johnny and Det. Boutcher from Stranded appear as secondary characters, this is a standalone story. No time is wasted as the story starts off on Malik and Roman's wedding day.

## **Taken (Stranded, #2) by Andrew Grey**

The writing was good, but it wasn't Andrew Grey's best work. I would still recommend it as a fun and fast read for anyone who wants something a little different than the typical romance read.

Narration: I enjoyed the narration and liked how it added to the story. 1 person found this helpful
