The Ice People is a 1998 science fiction novel by British writer Maggie Gee, set in a future world dominated by a new ice age. The novel examines different elements of contemporary society: the fundamental roles and relationships of men and women, sexuality, politics and the issue of global warming. Global warming is the initial context, where increases in temperature are then followed by the cyclic appearance of an

"Twenty years seemed like quite a long time
at first. . . . To prepare for the ice."

It is far on in the 21st century and the
world is freezing. Civilization has collapsed
in the face of a new Ice Age. Sixty-year-old
Saul lives in a disused airport with a gang
of wild boys. His tale of adventure, love and
loss returns us to his youth, days of fierce
heat and dwindling fertility.

Ugandan Mary Tendo worked for many years in the white middle-class Henman household in London, cleaning for Vanessa and looking after her only child, Justin. More than ten years after Mary has left, Justin - now twenty-two - is too depressed to get out of bed. To his mother's surprise, he asks for Mary. When Mary responds to Vanessa's cry for help and returns from Uganda to look after Justin, the balance of power in the house shifts dramatically. Both women's lives change irrevocably as tensions build towards a climax on a snowbound motorway. Beautifully

President Bliss is handling a tricky situation with customary brio, but after months of ceaseless rain the city is sinking under the floods. The rich are safe on high ground, but the poor are getting damper in their packed tower blocks, and the fanatical 'Last Days' sect is recruiting thousands. When at last the sun breaks through the clouds Lottie heads off to the opera, husband Harold listens to jazz and their ditsy teenage daughter Lola fights capitalism by bunking off school. of Gee's work, Mine Özyurt Kiliç identifies the specific social problems her novels address and explains the social consciousness similarities Gee shares with the Victorians. Analyzing how Gee adjusts the condition-of-England novel to reflect contemporary Britain enables Özyurt Kiliç to reveal the accuracy of Gee's rich portraits of Britain. She focuses on Gee's ability to cut across the boundaries of race, class and gender, mix voices from the margin with the majority and challenge and change the idea of the mainstream.
