Denise Williams is one of the youngest African Americans in the United States to serve as Founder/CEO of a real estate brokerage firm. In this book, she peels back the curtain and shares some of the most sought-after success secrets in the business, allowing an inside look at what it took for her to journey from small-town poverty to scaling repeatable profits in one of the nation's most competitive markets. As the Owner and Qualifying Broker of Williams and Co. International Realty, Denise recalls her early life as the middle child in a household of eight. Her family struggled to make ends meet, but at 11 years old Denise decided that she would one day control her own financial destiny, despite whatever odds she may face in the uncharted territory ahead. This once small-town star went on to attain a BA in Finance from Valdosta State University. She then took it a step further and obtained a Dual MBA in International Business and Supply Chain/Logistics Management, while mothering a young son and closing real estate deals between classes. Denise sold millions of dollars of estate as an agent, but for her, sales alone were not enough. She acquired her broker's license and went on to manage a start-up real estate firm, which under her leadership grew to 75+ agents in its first year. Denise has personally trained 125+ agents and has coordinated agent services at one of the largest real estate firms in the world. Now, as the head instructor at CEOwner Academy, she has mapped out a proven blueprint to show newly licensed Brokers and experienced Agents who desire to start their own teams how to dominate their market(s) and build Breakout Brokerages. Her system can be used throughout the country, and she is quickly becoming the go-to expert for training and development in the real estate industry. Real estate day trading is using the Internet to buy and sell houses without leaving home. In many cases, the investor closes on a house and resells it the same day. Readers will learn the author's system for how to buy and sell 5-10 houses a month in today's market, using the Internet, phone, fax, and email to analyze, research, and find the properties, buyers, and others needed for the transaction. Author Larry Goins has personally done deals in nine different states and has students in the US, Canada, Australia, New Zealand, Japan, China, Israel, the Philippines, and Denmark. Day trading can be used for wholesaling properties to other investors, retailing, lease options, short sales, foreclosure investing, etc. The basic steps are: Search online for potential properties to make offers on, using specific techniques for finding the right ones. Once an offer is accepted, usually within 1-2 weeks, put it on paper using clauses included in the book, and get the property inspected by a rehab contractor to get a free estimate of how much the repairs will cost. This is done by finding reputable contractors online and through referrals from realtors and through autoresponders. Order an appraisal. Sell it fast! Using the buyers list you have built on the internet through email marketing groups, social networking sites, blogs, free classified sites, bank-owned property sites, and more, send an email with the details of the property and instructions on how they can get the property under contract. Usually within two hours several potential buyers will reply. Set up a closing to buy it and to sell it on the same day; closings are about 30 minutes apart. By it at 10:00 and sell it at 10:30, for example. There are many ways to fund and close on the property. The book will contain step-by-step, easy processes for assignments, options, flex options, simultaneous closings, using hard money, private money, cash partners, and credit partners, none of which will require an investor's own cash or credit. With praise from New York Times Bestselling Author Dr. Albert Lowery, Robert Shemin, Frank McKinney and foreword by Michael E. Getzler. Larry Goins (Lake Wylie, SC, www.larrygoins.com) is one of the real estate industry's most popular speakers. He buys and sells 5-15 houses a month all over the US, in today's difficult market, from the comfort of his office. Larry speaks live an average of twice a week and holds two to three teleconferences a week. He is licensed as a mortgage lender, mortgage broker, real estate broker, and general contractor in North and South Carolina. Larry served as President (2003 & 2004) of the Metrolina Real Estate Investors Association in Charlotte, NC, a not-for-profit organization that has over 350 members (it is also the local chapter of the National Real Estate Investors Association). He has been investing in real estate for over 20 years.
